

Canada's best kayakers test skills on Gull River

To no one's surprise, Claudia Kerckhoff of Barry's Bay and Dieter Poenn of Hamilton emerged as the top kayakers in Canada, Saturday, when they won the women's and men's kayak classes at the national white water slalom championships.

Poenn, rated seventh in the world, had a flawless first run down the 800 metre course on the Gull River, surging through the final gate in a total time of 220.60 seconds.

His closest rival for the national title was Stan Woods of Vancouver, B.C. who amassed 15 penalty seconds on his best run of 223.61 seconds.

Third in the men's KL class was Gary Barton of Toronto in 223.88 seconds.

Kerckhoff, rated fifth in the world, completely outclassed the other competitors, finishing with a best of two runs of 246.89 seconds.

Her nearest rival, Morna Fraser of Toronto was second in the women's K1 class with an elapsed and penalty point time of 392.16 seconds.

Mary Ann Charles of Vancouver was third in a time of 430.58 seconds.

In the single place canoe class, Daniel Balthazard of Montreal finished in first place with a time of 332.3 seconds.

Second place went to Alain Cote of Levis, Quebec, in 367.37 seconds, while third place went

to Sandy McVicar of Thornbury with a time of 370.90 seconds.

The K1 Junior class was won by Mike Elrick of Guelph in a time of 266.30 seconds.

Second was Mike Beaudry in 275.38 seconds. Third was Patrice Gagnon of Jonquiere, Quebec, in 298.88 seconds.

The K1 masters division was won by Bernie Lalond of Ottawa in a time of 430.59 seconds.

Second place went to Chuck Mullard of Vancouver in 621.35 seconds.

Third place went to Will Hallam of Middleton, Nova Scotia in 870.37 seconds.

In the two place canoe class, the team of Mark Brown and Grant McCaffery of Toronto finished first in 311.39 seconds.

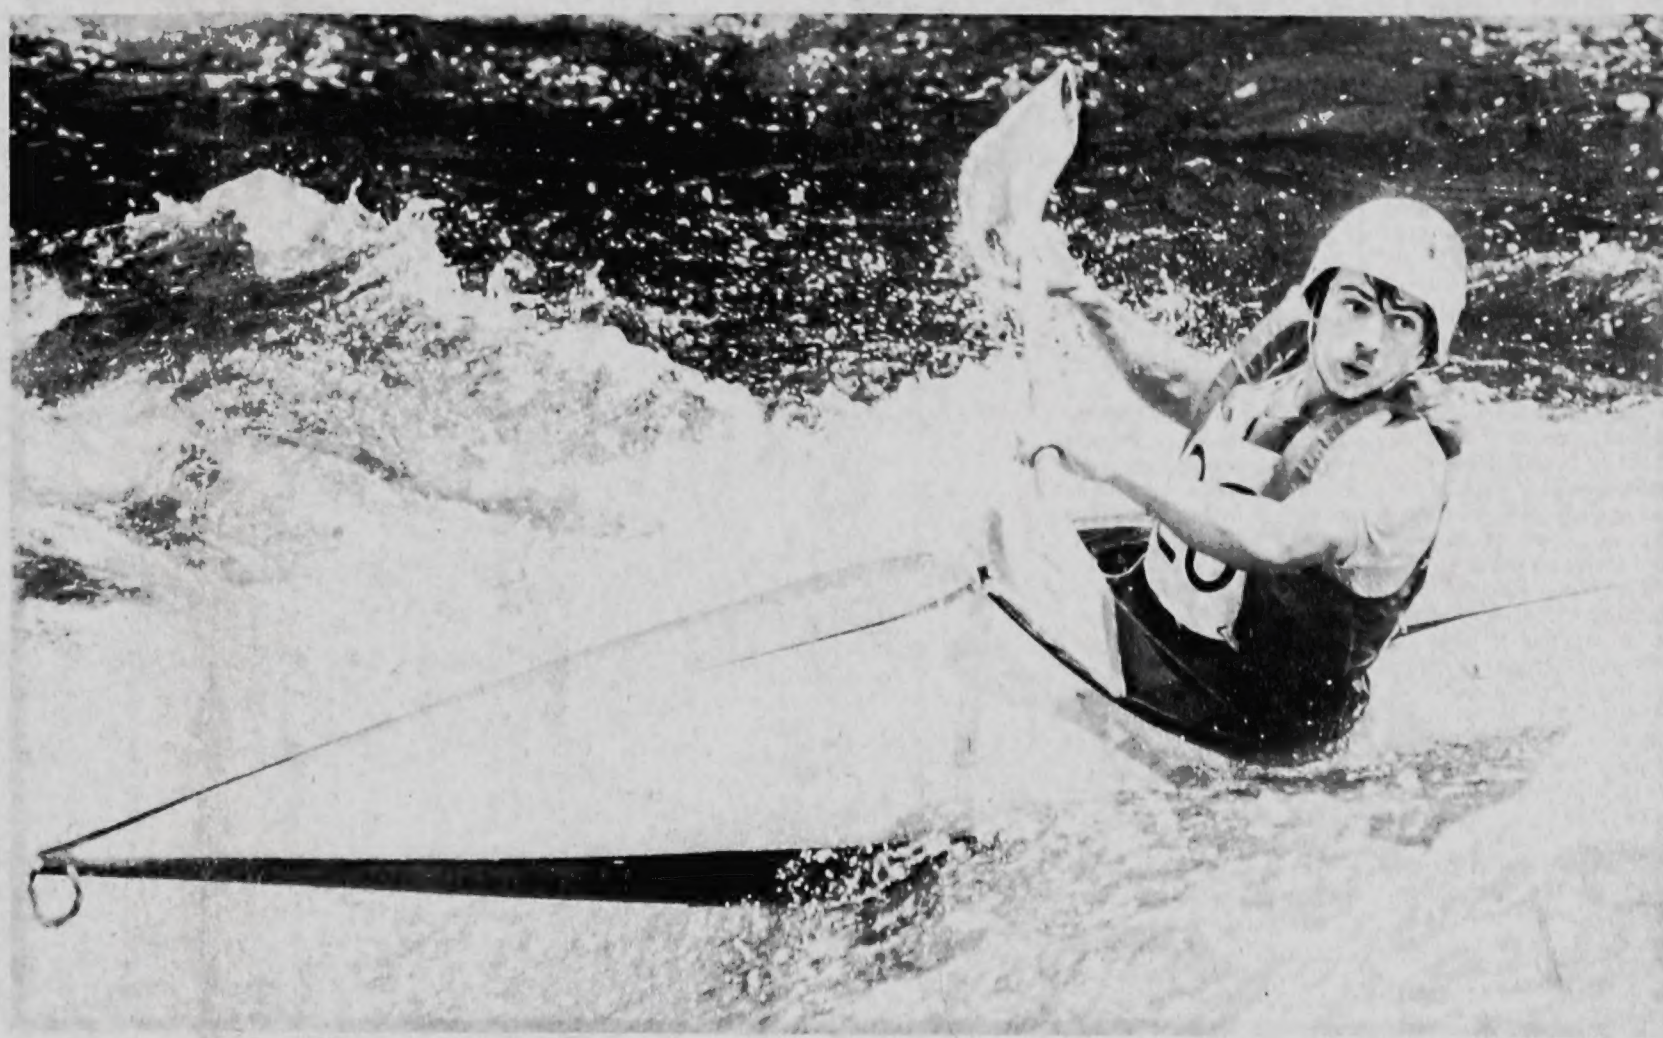

The team of Mark Heard and Rod Kirham of Hamilton finished second in 319.93 seconds.

Third place went to Dale and Darrell O'Brien of Edmonton in 388.96 seconds.

Saturday's events were capped with an awards presentation dinner.

On Sunday, Paddlers hoping to go to the world championships next month in Bala, Wales, competed for a place on the national team.

The weekend's activities were rounded out with a display of free-style kayaking.

Concentration was intense as paddlers struggled to master challenging course

Minden BIA board considers calling for architect study

by Sue Cooper

In hopes of discovering the best way to improve the downtown core of Minden Village, the board of Management of the Business Improvement Area (BIA) is investigating the possibility of having a study of the area completed.

The study, dubbed CAUSE calls for one architect and two students to study the core area and come up with worthwhile alternatives that might improve the village, Gord Monk, chairman of the board, told Anson, Hindon and Minden council last Wednesday.

Although details have not been confirmed, Monk said the actual study is free but the architects' cost must be covered, including room and board, secretarial supplies and other items necessary to complete the investigation. He estimated the cost would be in the \$3,000 range. However, earlier this year when Dysart et al was investigating the same proposal they found the secretarial supplies were difficult to provide, as well as costly, Wayne Wood, clerk-treasurer said this week. He

estimated the supplies required by the architects would boost the study to \$5,000 to \$6,000.

In order to raise the money for the study, Monk proposed a special levy to be administered to all the businesses in the improvement area. He told council each business should be given the same levy although some BIA projects will be levied according to the size of the business and the number of employees.

"Seventy-one dollars isn't going to hurt anyone," he told council.

While asking for the special levy, Monk said the study would help the BIA decide which direction it would like to move in and also what type of programs and costs might suit the community.

"This is really an economical way of getting professional advice," he said.

Monk said he hopes that when the BIA board hears from the study organizers, arrangements can be made to undertake the study this summer to enable the board to set its 1982 budget and projects this fall.

"We are serious, we want to move ahead," Monk said.

Fun night at Victoria Street school was exactly that last Friday evening. Children and their parents enjoyed magic shows, bake sale, hot dogs, a sponge throw and other activities at the Haliburton Village school.

Once caulking work completed library won't leak, builder says

by Sue Cooper

Suggesting council could take the township's fire truck and douse the new Minden library and cultural centre walls, Ron Wrightman, president of 1867 Confederation Log Homes said once the logs are caulked properly no water will be seeping into the building.

Wrightman made the fire truck proposal to prove the building would be able to bear that type of water pressure, he told Anson, Hindon and Minden council last Wednesday.

"I know that it will stand up to that," he said.

Since the building project began last October, Wrightman's factory-built log building has been subject to criticism ranging from leakage problems to a suggestion that the logs might be subject to early decay. In hopes of allaying council's concern and also to preserve the reputation of his buildings, Wrightman hired consultant Peter Bird to evaluate the library cultural centre.

Bird said he would put his reputation on the line in saying that the building would have long-lasting durability and the logs would provide enough insulation to allow the building to be heated efficiently.

The interlocking system which Wrightman uses to connect the logs, as well as

the proposed caulking will stop water seepage, Bird said.

"I would suggest that Mr. Wrightman's system is the best I've seen," he told council.

Wrightman has guaranteed council the building will be caulked properly, and explained the work had not been completed yet because of low temperatures in the winter months when the

building was constructed and because of subsequent problems this spring.

Although further work is necessary to cut the concrete pad closer to the building, that is council's concern since Wrightman was not involved in the construction of the pad.

"I'm happy with the building if we can just stop the water from seeping in," Reeve Lloyd Walker told Wrightman.

Cancellations cut exhibits at Haliburton home show

Last minute cancellations cut down the number of exhibitors at this year's Haliburton Kinsmen home and vacation show, and as a result, plans for next year's show are expected to be reviewed.

Paul Dawson, who worked on publicity for the show, said Tuesday that the club may have to consider whether or not to "give it a rest next year".

Dawson said club members put in many days of work preparing for the show and it is "kind of disheartening for us" when participation is down.

A number of local businesses which had booked booths in the show cancelled at the last minute, saying they were too busy, according to Dawson.

Several of the exhibitors who did turn up for the three-day show over the weekend were from outside the county, and most were pleased with the results.

"Most people sold quite a lot," Dawson said.

Participation in the show reached a peak two years ago, when both the curling club and the arena were packed with merchandise, and has been declining in the two subsequent shows.

"Local people (merchants) for some reason, aren't interested," Dawson said.

The number of visitors to this year's show was also less than anticipated, Dawson said, perhaps due to Saturday's hot, muggy weather.

While proceeds from the show have not yet been

Cont'd. page 2

Municipal rates down fractionally

Stanhope sets budget, taxes up by 7 percent

Ratepayers in Stanhope Township can expect a seven per cent increase in their tax bills this year, even though the municipal portion of the bill will be down about one per cent.

Increases in county and school board levies account for the rise, which will total approximately \$20.40 on an average residential assessment of \$500.

Commercial rates will also be up seven per cent, or about \$24 on an assessment of \$500.

Council's total estimated spending for 1981 is up by \$14,000 from 1980, to approximately \$225,000. But increases in assessment, and government grants, coupled with the elimination of a deficit which had carried over into 1980 spending, will result in a slight decline in the municipal portion of the total residential and commercial mill rates for 1981.

The school levy is up 10.8 per cent to 422.9 mills for commercial properties and 359.5 per cent for residences. The jump amounts to \$20.60 for commercial ratepayers with \$500 assessment and to \$17.55 for residential ratepayers.

Stanhope's share of the 1981 county levy is up 11.1 per cent to 77.9 mills for commercial assessments and to 66.2 mills for residential assessments. The county share of commercial taxes will rise by \$3.90 per \$500 of assessment, while the residential share of the county levy will rise by \$3.30 per \$500 of assessment.

The portion of taxes which are charged against highways is up marginally this year, to 68.7 mills commercial and 58.4 mills residential. The

new rates will amount to a 25 cent and 20 cent increase respectively in 1981 taxes.

The portion of individual 1981 taxes that will be spent directly by the municipality is down fractionally as a result of the new budget.

The commercial mill rate for township needs will fall by

1.5 mills (or 75 cents per \$500 of assessment) to 154.6 mills. The residential share will fall by 1.3 mills (or 65 cents) to 131.4 mills.

The total 1981 commercial mill rate has been set at 724.1 mills, an increase of 48 mills, while the total residential mill rate stands at 615.5, an

increase of 40.8 mills.

Commercial taxpayers with \$500 assessment paid \$338.05 in Stanhope in 1980, and this year they will pay \$362.05.

Residential taxpayers with \$500 of assessment paid taxes of \$287.35 last year, and this year, they will pay \$307.75.

Damage slight in Monday storm

Huge drops of rain pelted down and the winds raged at the tree tops in Haliburton County Monday afternoon, making driving nearly impossible at times, but area

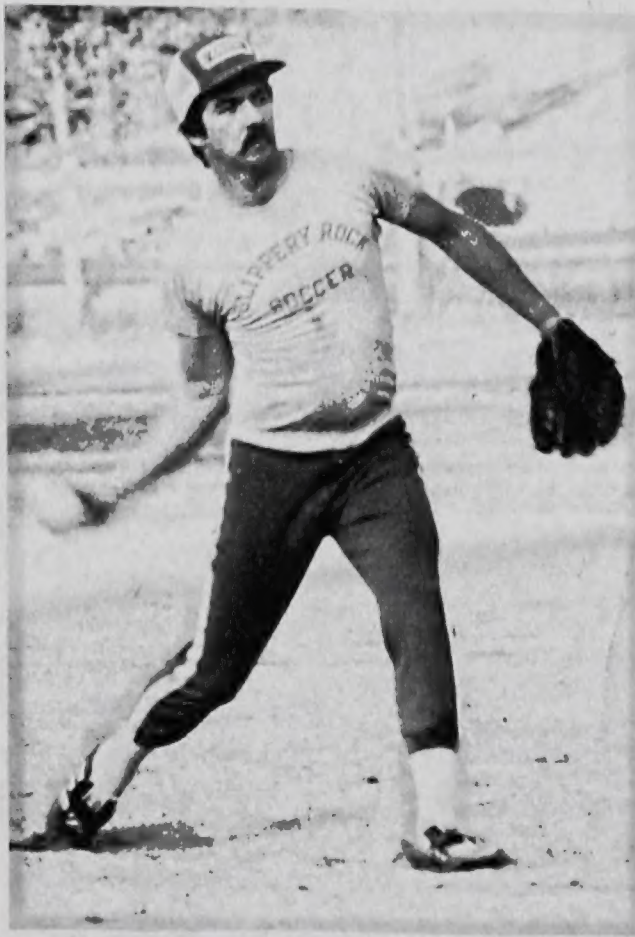

utilities report only scattered problems.

Ontario Hydro reported its crews were cleaning up most of their 15 trouble areas on Tuesday morning. While one

pole was snapped, most of the damage was minor and only individual service was interrupted.

Cal Wilson said most of the

'Sharing' is theme of upcoming week

by Sue Cooper

"We all have a lot to share" is the philosophy behind this year's Senior Citizen Week and Haliburton County's seniors may have more to share than seniors from many other areas.

With the wealth of knowledge seniors have built up over the years, they are valuable advisers and their experience can often make a task easier to complete.

From June 21 to 27, seniors across Ontario will be honoured as part of senior citizen's week, but it is hoped the idea of sharing the seniors' experiences will carry on throughout the year.

Although there is a national opening for senior citizen's week scheduled in Ottawa, the first event to mark the opening of the week in Haliburton County will take place Monday evening in Haliburton Village.

The Happy Gang at extendicare has invited everyone to enjoy their strawberry supper from 5 p.m. to 7 p.m. at extendicare on Park Street.

On Tuesday another treat will be in store for all area seniors at the 11th annual 'Over 70's' dinner at Hyland Crest. This annual event, co-sponsored by the local

municipalities and the county, is presented by the staff and the home's volunteers. Area seniors wishing to take part are urged to contact the home and be ready to attend at 5:30 p.m. Tuesday.

The action moves back to extendicare on Wednesday as the Happy Gang holds a rummage and bake sale from 11 a.m. to 4 p.m. And finally everyone is invited back Thursday evening from 7 p.m. to 9 p.m. to participate in bingo games. All proceeds from the events at extendicare will go to the community van fund.

Don't forget we all have a lot to share, so share a little time with your favourite senior next week.

Walkathon held

St. James Anglican Church in Kilmount will get a boost as walkers turned out to participate in a 10-mile walkathon to help aid the church's work "in the community and beyond." Reverend R. C. Brooks said Tuesday.

The 12 participants walked along the 11th concession for five miles and returned along the same route, Saturday.

The exact amount raised was not available at press time.

Fund raising continues

from page 1
derway for the past year and a half and so far the congregation has reaped approximately \$34,000, Morissette said. The committee needs to

Storm damage

from page 1
damage seemed to be caused by lightning and falling tree branches but he did not rate it as a "major storm".

Bell Canada's Jim Linton said most of the customers in Haliburton County were not hindered by the storm but service to the south of this area was.

Although Linton said it was possible a few customers could have lost their service, the damage was very minimal.

Home show

from page 1
calculated, the club may realize a profit of "a couple of thousand dollars or so," according to Dawson.

raise \$70,000 before the construction of a new church can begin.

Last summer, the committee managed to raise an additional \$10,000 from summer contributors and Morissette said a similar response this year may make the new church a reality.

"I try to be optimistic but I must be realistic too," he said.

Presently the committee is still investigating the proposal to buy another piece of property that might allow the new church as well as a substantial parking area to be created. However, Morissette said the present church may lack any parking area, but it has an excellent central location that may be difficult to replace in the price range the committee would consider reasonable.

With the summer approaching quickly the committee will be busy in hopes of having construction commenced this fall.

This jeep and the open cars it pulls behind it will become a familiar sight in Haliburton Village this summer as it takes people on a circuit that will include

the Sky Slider, the station gallery and the museum. The "tour train", purchased in Stratford, will be repainted before it begins its local duties.

Anson, Hindon, Minden council meets

At the most recent meeting of Anson, Hindon and Minden council, the following matters were considered:

Council concurred with a resolution of the City of Mississauga with respect to the assessment appeal process.

Council decided to proceed, pursuant to Section 336 of The Municipal Act, to expropriate property in instrument #104268.

Bob Vick, reeve, and D. Wruth, councillor, of Snowdon Township were present to negotiate a fire protection agreement for 1982. The boundaries and rates were confirmed and the necessary agreement is to be prepared.

Lucky Crawford, having successfully completed his six months probationary period will be considered a permanent employee effective June 1, 1981.

Gerry Poirier will be employed and serve the six-month probationary period for the water/sewer/roads department effective June 15.

Bradley Gilbert will be employed and serve the six-month probationary period for the Minden and Bethel

cemeteries and roads department.

Minor tax balances totalling \$7.65, were written off.

Arrears in the total amount of \$146.78, plus accrued penalties, were written off since the same were deemed to be uncollectable.

P. Bird of Bird Engineering and R. Wrightman of 1867 Confederation Log Homes attended to present their report concerning the possible decay of solid pine log wall construction. Council accepted the report and advised Bird and Wrightman that all would be satisfactory when the caulking of the building was completed.

Council had no objection to John and Minnie Pentney's application for a minor variance to construct an addition to their store which will be 12 feet from the rear property line in Lot 3, Concession A, Township of Anson.

Council had no objections to C.T. Bickerton's application for a minor variance to construct an addition to his cottage 42 feet from the

normal high water mark of Horseshoe Lake ie. Lot 13, Concession 6, Township of Minden; provided that the Health Unit confirms that the existing septic system is suitable to accommodate the addition.

Council accepted the tender of J.V. Holt Sales Ltd. in conjunction with the Provisional County of Haliburton to supply the following culverts in 1981: 500 feet of 12" at \$3.68/ft., \$1,932.00; 800 feet of 15" at \$4.44/ft., \$3,729.60; and 14 feet of 36" at \$12.93/ft., \$181.02.

Council concurred in principle with the severance proposed by H.W. and M.F. Cont'd page 3

Man fined for tax offence

A Haliburton area man has been fined \$1,975 for failing to file a 1979 income tax return.

Steve Bowskill of Eagle Lake pleaded guilty to the charge in provincial court in Minden Tuesday morning before Judge Inrig.

Bowskill was fined \$25 a day for the 79 days that he was in default from May 1, 1980 to November 4, 1980 for unlawfully failing to file a T1 individual tax return as provided for in the Income Tax Act.

According to an official

from the income tax office in Belleville, crown prosecutor A. Ronald Cork told the court that Bowskill had been delinquent in filing tax returns for several years, and had previously been convicted and fined in August, 1979, for failure to comply with a demand to file a 1977 income tax return.

Bowskill was given 90 days to pay the fine or an alternate sentence of three months in jail.

Monmouth council meets

At the June meeting of Monmouth council, the following business was considered:

The following bills and accounts were paid: general voucher of \$94,557.45; welfare payroll of \$710.16; and roads voucher of \$5,721.05.

Council agreed to make a donation of \$50 to Hyland Crest for the Over 70's Dinner.

Council approved severance application H69/81 re concession 17, part lots 32 and 33, re Floyd Morris and also approved severance application H70/81 re concession 14, parts lots 26 and 27, re George Earle.

Tenders will be called for roof of manse, steel coloured and shingles asphalt, and to rebuild chimneys down as far required. Tenders will close June 15, 1981 at 4:00 p.m.

The tender of Champion Road Machinery Ltd. for 1 Class 5 motor grader with bulldozer blade, roll over cab

protection and summer/winter controllable air intake, as per tender specifications, total tender price of \$70,128.87 was accepted.

Council accepted the tender of Royal Paving Limited for prime and surface treatment according to specifications submitted in tender documents in total amount of \$29,471.

Council will make an offer to the Ministry of Transportation and Communications to purchase the old Tofy Hill school in the amount of \$5005.

The Monmouth recreation committee was granted permission to use the Monmouth arena and Lloyd Watson centre for a fund-raising function known as Country Good Times weekend on July 17, 18 and 19, 1981.

Wilberforce Veneer and Lumber Co. Ltd. was granted permission to place a finger-board sign on Schofield Drive reading Wilberforce Veneer

and Lumber Co. Ltd.

By-laws 81-9, 81-10 and 81-11, by-laws to authorize the sale of land, were passed.

By-law 81-12, a by-law to borrow until current taxes are collected was passed.

Council granted an extension of draft approval on proposed plan of subdivision being part of lot 33, concession 16, being Ministry of Housing File 46T-76041 for a period of six months.

Council consented to the deeding of part lot 32 and 33, concession 17 to the corporation, said property to be defined by the Ministry of the Environment and the Ministry of Natural Resources being the hill property facing Clement Lake north and west of the proposed plan of subdivision re Ministry of Housing File 46T-80061.

All expenses will be paid for council members attending A.M.O. - August 23 to August 26, council agreed.

Couple injured as cars collide

A Toronto couple suffered minor injuries Saturday when their car collided with another which had pulled onto Highway 35 in the area of the Minden by-pass.

Harvey Copeman, 32, was northbound on Highway 35 when he collided with a car driven by Mark Richardson, 21, of Toronto, which had pulled onto the highway from Newcastle Street.

Richardson and his three passengers escaped injury. Damage to Copeman's car was estimated at \$5000, while damage to Richardson's car was estimated at \$1000.

Richardson was charged with failing to yield the right-of-way.

An 18-year-old Don Mills

woman was slightly injured when the car she was driving collided with another on Buller Road in Lutterworth Township late Saturday afternoon. Beverly Richards was hurt when her car collided on a curve with a vehicle driven by Sean

O'Reilly, 21, of Keswick.

Three passengers in Richards' car escaped injury.

Damage to Richards' car was estimated at \$1400, while damage to O'Reilly's car was estimated at \$1200.

There were no charges.

Fire destroys frame cottage on Lake Kashagawigamog

A cottage on the north shore of Lake Kashagawigamog burned to the ground Monday afternoon despite the efforts of Dysart et al volunteer firemen.

The one storey wood frame cottage, owned by Velma Edwards of Willowdale, was engulfed in flames by the time firemen arrived on the

scene shortly after five p.m. Monday.

The cottage was unoccupied at the time of the blaze.

Firemen kept the fire from spreading to nearby trees, but were unable to save the building or its contents.

No information on the cause of the fire or on the amount of damage was available by press time Tuesday.

Haliburton Sky Slider heads for July 4 opening as track laying operation continues on schedule

Galway/Cavendish holds meeting

At the most recent meeting of Galway/Cavendish council, the following matters were considered:

A Mrs. Strauss attended the meeting to discuss a problem her mother was having in getting some repairs done to her house and asked council if they could be of any assistance to her.

Mr. and Mrs. Jim Thompson attended the meeting as concerned citizens to discuss the "Children's Services Steering Committee" that has been established for some time.

Road voucher #5 in the amount of \$35,915.38 was approved for payment.

The reeve and clerk were authorized to sign the plan of subdivision agreement with Galway Acres Ltd. dated the 30th of May, 1981 and the said agreement will be forwarded to the township solicitor to be held in escrow until all tax arrears on the property covered by this agreement are received by the clerk-treasurer.

General voucher #5 of \$49,171.13 was approved for payment.

Welfare voucher #5 of \$1,308 was approved for payment.

Canada Works Grant voucher #4 of \$4304.63 was approved for payment.

The minutes of the Galway Cavendish fire committee (Cavendish Platoon) meeting of May 16, 1981 were approved.

The minutes of the Galway Cavendish fire committee (Galway Platoon) meeting of May 24, 1981 as presented verbally were received.

Ken Young was appointed as a volunteer fireman to the Galway Fire Platoon.

Merv Preston's verbal resignation as fire captain was received and that Chief Hickey was requested to make a recommendation to council for appointment of a second fire captain for the Galway Platoon.

The minutes of the Galway Cavendish culture and recreation committee of May 19, 1981 were adopted.

The health and sanitation report for the month of May was adopted.

Minutes of the roads committee meeting held May 29,

1981 was approved.

Severance B-185-78 (Judith Smith, Concession 3, Lot 27, Cavendish) was approved subject to the 66 foot road allowance application being approved and a fee of \$75 being paid to the township prior to the deed being stamped.

Severance B-156-78 and B-157-78 (Phyllis and Hallock, Concession 11, Lot 18, Galway) will not be supported as neither application conforms to the North Kewartha Official Plan and Zoning by-law 78-43.

Council supported the resolution from the Township of Georgian Bay with regard to Go Home Lake and a copy of this resolution will be forwarded to The Ministry of Intergovernmental Affairs.

The request from Hastings County Flood Relief Fund for a grant was tabled.

The resolution from the City of Kingston suggesting a federal holiday in February each year in recognition of Sir John A. MacDonald was tabled.

One member of council was authorized to attend the Association of Municipalities of Ontario annual conference August 23 to August 26 in Toronto and all out of pocket expenses and registration fees will be paid.

The offer to purchase Concession 11, Lot 17, Galway, from Mr. Taylor for \$1,000 was accepted with the understanding that the township prepare all necessary documents and register same, and that Mr. Taylor have his lawyer prepare the "affidavit of residence", and that no survey is required to sell this land and further it is understood by the purchaser that no dwelling can be erected on this property.

The reeve and clerk were authorized to sign the Young Canada Grant contract in the amount of \$11,685.

The reeve was authorized to engage the firm of Greer Galloway and Associates to prepare cost estimate and working drawings for expansion of the Galway Hall to satisfy the Wintario grant application requirements.

The owners of parcels of land within the Hyland Homes subdivision will be notified that a 10 per cent deposit must accompany their application to purchase any of the additional vacant land that remains in the subdivision.

A \$75 fee will be submitted to the township office by Wilson Electric and Floor Coverings as a deposit to ensure that all signs erected in the township are removed within 15 days of the date of his sale and the by-law

enforcement officer will report to the clerk-treasurer on this matter before the deposit of \$75 is returned.

The zoning amendments from Glamorgan Township and Burleigh Anstruther Township were tabled at this time to provide council an opportunity to review them and the matter will be brought forward at the next meeting.

The clerk was authorized to increase the insurance on the fire hall contents to \$10,000

Cont'd. page 14

Acid rain sessions to be held for area residents

Ontario's environment ministry will hold a series of information sessions on acid rain during the first week of July for cottagers in Muskoka and Haliburton.

Cottagers who want more specific information about their own lake can bring along a cup of the lake's water to an open house session at Dorset Public School on Saturday, July 4 from 10 a.m. to 5 p.m. Environment ministry scientists will be on hand to analyze and interpret lake samples and there will be demonstrations and displays on all facets of acid rain.

The new film 'Crisis in the Rain' will be shown at the open houses in Haliburton and Dorset.

\$750 of car items stolen

Items valued at a total of \$750 were stolen in two separate car break-ins last Monday.

Larry Everitt of Kennis Lake reported that his parked car had been broken into and a CB radio valued at \$175 stolen. The same day, Bert Horton of RR4, Stouffville

reported that his car, parked at Esson Lake landing had been broken into by someone who cut a hole in the convertible top. A tape deck, speakers, tapes and tools valued at \$600 were missing.

The incidents remain under investigation.

Youths charged in thefts

Police have charged two Minden area youths following an investigation into a rash of thefts on four connecting lakes north of the village.

In the past two weeks, four flags, two outboard motors, a boat and a canoe have been reported missing from Boshkung, Little Boshkung, Twelve Mile and Mountain Lakes. Last Thursday, police arrested Larry Peter Miscio,

16, of RR2, Minden, and Paul Bradley Penick, 16, formerly of RR2, Minden (now of RR3, Gravenhurst), in connection with the incidents.

The two were charged with six counts of theft under \$200, three counts of theft over \$200 and one count of possession of stolen property.

All the stolen property, with the exception of one flag, was recovered.

Disabled plan announced

Local employees are being urged to participate in a new program to help the disabled obtain full-time employment.

Programs for the employment-disadvantaged, began on the first of May and culminated 1981 as the Year of the Disabled.

To qualify for the program an employer must create at least 32 and a half hours or work per week for the employee but must not be taking the hours from a present employee.

While on the program for the disadvantaged an employer cannot receive funds from another program for the same employee.

Reimbursement ranges from 85 per cent of gross

wages for 13 weeks, 50 per cent of gross wages for 26 weeks and 25 per cent for 26 weeks, depending on the program.

People qualifying for employment under this new program must be physically or mentally disabled or employment-disadvantaged in maintaining employment and must not be a member of the employer's immediate family.

The program has been set up by the federal government to provide a stimulus for employers to hire the disabled or disadvantaged.

Anyone interested in the program should contact the Manpower outreach centre in Haliburton Village.

The Staff and Students of
The Haliburton Highlands Secondary School
invite you to be present
at the
29th Annual Commencement
to be held in
the School Auditorium
SUNDAY, JUNE 21st, 1981
at 7 p.m.

of
Diplomas

Reception for the Graduates
and their friends after
Commencement.

HOMELITE
has it all

The Chain saw King

Homelite — chain saws that get the job done! Homelite has great features like the Safe-T-Tip which completely eliminates kickback, plus a sturdy hand guard as standard equipment on all models. See the complete line of Homelite chain saws at your nearest participating dealer. Hurry... this offer terminates June 30th, 1981. Save \$15.00 on models XL, XL-2, SUPER 2.

Ontario introduced the Probationary Driver Licensing System June 1st, 1981, as a new highway safety measure. It's designed to help reduce the high percentage of traffic violations and accidents by new drivers.

Statistics show that in Ontario, new drivers, regardless of age, have accidents and break the traffic laws far more

than experienced drivers.

The Probationary System is designed to make these drivers more aware of the traffic laws for everyone's safety. So, new drivers who ignore the laws, or drive carelessly during the two-year probationary period, will have their driver's licence suspended for 30 days when six demerit points have been accumulated.

A clean driving record is something to be proud of... but it's up to you.

Ready or not

Even if you wanted to, it would be just about impossible to ignore the work that has been taking place on Skyline Hill in Haliburton Village over the last couple of months. From just about any point in the town you can see the Sky Slider taking shape. It doesn't take much imagination to picture what the finished ride will look like. And it takes only slightly more imagination to picture what will happen when the ride opens on July 4. Amazingly, however, there has been precious little indication to date that the community is prepared for the impact the slide ride is certain to have.

Market surveys conducted before the project got off the ground indicated that it had the potential to draw tens of thousands of riders over the summer months. On any given weekend, literally thousands of people who would not otherwise be in the village are expected to arrive for a ride on the Sky Slider. The impact of that influx will be enormous. It will present problems which the community does not appear to be considering. It will present challenges which no one seems to be recognizing.

Consider, for example, whether or not the community has the facilities at present to handle even 1000 additional people on a Saturday or a Sunday afternoon? Where, for instance, will those people eat? Where will they park? What kind of public washroom facilities are there to handle the influx? Are there even enough litter barrels on village streets to ensure that visitors have a place other than the gutter to throw their refuse?

And what will they do after they have taken a few rides? Will they get in their cars and leave, or can the community offer them a reason to stay?

It's up to the business people of the village to see the Sky Slider as a challenge, and to take a hard look at what can be done to ensure that it brings maximum benefits to the local economy. It's up to the business community to ensure that the needs of those visitors to the village will be met.

Yet with barely three weeks left until the ride is slated to open, nothing has been done to deal with the logistical problems of handling thousands, or even hundreds of extra people in Haliburton Village. The attitude seems to be one of wait and see. With that kind of approach, the business community is almost guaranteeing that people who come to the village to ride the slide ride will leave hungry, frustrated and disgruntled.

Too bad it's so much simpler to be complacent than to work together. Too bad too, that so much opportunity will be lost as a result.

Troubles

The Haliburton Kinsmen Home Show appears to be in trouble. Fewer than 40 exhibitors were on hand for this year's show, and their displays did not even cover the floor of the Dysart arena. Two years ago, both the curling club and the arena were filled to capacity with displays, and exhibitors also set up equipment and merchandise outdoors.

Why has the show declined? The current business climate could have something to do with it. As merchants reduce their overhead and inventory in the face of high interest rates, they have less money and fewer staff to spare for a weekend at the home show.

As well, the Kinsmen may not have been as aggressive this year in seeking out exhibitors as they have been in past years. And perhaps the idea of a home show no longer seems fresh and exciting to local merchants.

A decision on whether or not to appear in the home show has to be made for business reasons. Either a merchant feels that there are immediate and long-term economic and public relations benefits from appearing in the home show, which are worth the time and money, or he or she does not. There is little the Kinsmen can do to change that fact.

Perhaps the time has come to let the show lie for a year. It appears that the idea, at least in the minds and pocket books of most local merchants, is burned out.

And without the ongoing support of local merchants the show cannot survive.

Added attraction

If there were any doubters left, this past weekend proved beyond question that the Minden Wild Water Preserve is a valuable addition to the county.

More than 100 competitors from across Canada turned up at the site along the Gull River to compete for the national slalom kayak championships, and in the process, they provided two days of entertainment for dedicated fans and the merely curious alike. And just as important, they also proved that the site can be used without harming the landscape or the environment of the area.

The Wild Water Preserve will get plenty of use in the coming years. And it now seems clear that the project has added a unique attraction to the county, an attraction which will help to make Haliburton County more widely known throughout Canada, and eventually, if all goes according to plan, around the world.

Feir Play

by
Creighton Feir

During my travels in Haliburton County I notice many people in houses and business people who are flying the Canadian flag, the Ontario flag and in some cases the flag of the United States. It's really nice to see these flags on poles blowing in the wind and it seems to give us a sense of pride. Looking at the other side of the coin, it's really a disgrace to see a worn-out flag that should be replaced blowing around in the breeze. Many flags both inside and outside buildings in this area, need replacing as they have seen better days. If you have a worn-out flag please see that it is replaced with a new one as it's that time of the year when thousands of visitors will be heading this way.

The Rotary Club of Haliburton were honoured recently to have as their guest speaker, the reeve of the Municipality of Dysart et al, Murray Fearrey. The reeve, who is a former member and president of the Haliburton club, is always a welcome guest who never fails to have an interesting message. Murray brought the club up to date on the municipal plans for Head Lake Park including the proposals for Rotary Beach. The local residents and business people are most impressed with this project and there is more to come yet. Thus far \$255,000 has been spent on the project with little or no increase in local taxes. The parks are scheduled for substantial completion by the end of Summer 1981. During the question and answer period the main question that seemed to keep coming up was the problem of vandalism at the park and what council had in mind to stop it. We understand that council are at the present time looking into methods of preventing any damage being done.

It seems that it's not even safe to leave your car sitting near your back door in Haliburton. Last Tuesday Ed Davis, an employee at Black's Pro Hardware, left his car near the back door of the store in the parking lot and after work when he came out to drive it away he learned to his surprise that the car had been stolen.

The Echo said goodbye on Friday to one of its long-time employees, Susan Brohm, who had been circulation and office supervisor for the Echo for the past six years. She will be leaving shortly to take up residence at Sioux Lookout. During this six years she became familiar with practically every aspect of the business and her sincere dedication to her job made her a valued employee. The management and staff held a luncheon for her at the PineStone Inn and Country Club on Friday. Mrs. Sandra Bishop of Haliburton will be taking over this position.

The Believers Quartet will be in Haliburton this Friday evening, June 19, to minister in message and song at the Full Gospel Businessmen's Fellowship Dinner meeting which will be held at the Royal Canadian Legion Hall at 7:00 p.m. The Believers Quartet consists of Fern, Wayne, John and Ken Smith, who are all members of one family. God has raised them up with a singing ministry for the past ten years and they have produced nine LP recordings and have appeared on TV and radio. The lead singer Wayne, has written many songs. Come and bring a friend to share this evening with the Believers Quartet as they minister. They will also be at the Full Gospel Lighthouse in Haliburton this Thursday evening, June 18, starting at 7:30 p.m.

Some people in Haliburton County have become a little perturbed due to the fact that the Census envelopes have not been picked up in certain localities. June 3 was marked as "Census Day" and many people were of the opinion that they were in trouble if they weren't picked up on that date. Some of the men and women who will be picking these papers up wish to inform those who are worried about this matter that they will be getting to you very soon.

A Haliburton woman phoned me one day last week asking me to convey the following message to dog owners. Summer will soon be with us with those hot and humid days and people are reminded not to leave their dogs in their cars with the windows closed as the inside of the vehicle gets hotter than an oven. This seems like a good bit of advice that should be listened to.

I received a letter the other day stating that Imperial Oil is very pleased with the help and support given by Easter Seal clubs throughout the province in their April 11, "Thankful Tankful" promotion. Over \$80,000 was raised. Both the Rotary clubs from Haliburton and Minden took part in this project.

In this country of countless lakes and rivers, our summer season naturally finds thousands of vacationers enjoying the pleasures of water sports and aquatic recreation. For those on holidays at the cottage, beach or resort, the pleasure boat can become as important as the family car. Indeed Canadians each year make use of approximately one million leisure crafts from canoes and sailboats to large yachts.

Haliburton Rotary Club Easter Seals chairman, Bill Emmerson, reports contributions slightly down from a year ago. This year's total to date is \$1,457.

Between 200 and 300 boys and girls have been turning out on Wednesday evenings at the elementary school grounds in Haliburton for the minor softball house league. In an effort to see that every boy and girl gets the opportunity to play ball more coaches and managers are urgently needed.

And finally, the Ontario government has set up a hotline Ontario residents and cottagers can call to find out whether their lakes are dead or dying because of acid rain. The number is 248-3058.

Letters to the Editor

To the Editor:

The National Red Shield Appeal for 1981 has received a helpful and heart-warming response from the people of Canada.

A national fund-raising effort of this magnitude would prove an impossible task were it not for the invaluable participation of countless thousands of volunteers.

Please accept this expression of our gratitude for your assistance in this ministry of 'caring'. We solicit your continuing interest in the work of The Salvation Army.

God bless!

Yours sincerely,

Frederick J. Halliwell,
Major,
National Campaign Director

To the Editor:

I wonder how many Canadians are aware of the incongruity of using kilometre road signs with land surveyed in square mile sections? Since roads in the country usually follow the perimeters of a farmer's land, he could always reckon his distances in miles. The effect of using kilometres is total confusion, especially since they have no scientific base like the mile.

Why is this so? To have any value, a land measurement must reflect a compatible time-distance relationship. Consider the Egyptians with their cubit. These ancients reckoned the earth's rotational velocity at the equator per second, which is 1520.005 ft., and made their cubit 1/1000th part of this -- 1.520 ft. or 18.24 inches. So 1000 cubits represented the distance the earth moved each second. It moved 4,000 cubits every 4 seconds -- the nautical mile (1 minute of arc), 60,000 cubits (15 nautical miles) every minute, and so on for a complete revolution in 24 hours. There was thus total harmony in older times between distance and time through the orbit as there is with the nautical mile today.

However, the Anglo-Saxons were equally as astute in metrology as the ancients. They had, according to Ben Turner, a metrologist from Birmingham, Ala., a two-part system of length measurement. The linear units for straight lines were the digit (.72"), the fathom (72"), the inch and the foot (12 inches).

The linear units for land measures were based on an 11:10 ratio, presumably to take the curvature of the earth into account. The link was 7.92" (.66 ft.) against .72" (.06 ft.) for the digit. The 10 links (79.2") or 6.6 ft. of the Anglo-Saxon rod was an 11:10 ratio with the 6 ft. (72") of the fathom. (Naturally, fathoms and feet, used for measuring depths and altitudes, were straight line measures). The 100 links of the chain at 792.0" or 66.0 ft., and the 1,000 links of the furlong at 7920.0" or 660 ft. make up the sides of a rectangular acre of 43,560 sq. ft.

The Anglo-Saxon rod of 6.6 ft. or 79.2", Mr.

Turner continues, is exactly double the true measure of the metre at 39.6", and relates to a ten-millionth part of half the earth's circumference (not a quarter) and allowed it to coincide with the 12-hour clock. Further, take from the 43,560 sq. ft. of the acre the 360 degrees of the earth's circumference and we are left with 42,200 which is the exact number of seconds in 12 hours!

We now see how links, chains and acres all scientifically fit together and relate distance to time. The 10 chains or 660 ft. of the furlong logically lead on to the mile (8 furlongs), and the square mile or section with its 640 acres, and the 36-section township (6 square miles). How easy it is to divide up 640-acre sections compared to the ten bases of square kilometres: (320, 160, 80, 40, 20, 10, 5, against 10, 5, 2½, etc. hectares).

Pre-metric French metrology was, ironically, equally as scientific. The counterpart of the fathom was the Toise de Perou standard, which had 864 lines (lignes) in its six feet (pieds). Why the figure 864? There are 86,400 seconds in a 24-hour time span. 864 is one-hundredth part of that number.

Despite the opposition of prominent French scientists like Pierre Laplace 200 years ago, who warned that the new system was defective, inadequate, and not soundly based, others went ahead and ignored the attributes of the system they already possessed. They could have made metrics scientific and time-related by adopting Mouton's milliarc (the nautical mile) and making the metre the equivalent of the Anglo-Saxon rod -- 79.20" as 1/10,000,000th part of half the length of the equator, the distance the earth moves in exactly 12 hours.

Instead, what did they do? By not scientifically calculating the earth's circumference as the Egyptians and Anglo-Saxons had, they set about measuring a quadrant of the earth's surface by laborious physical means. It is not surprising they came up with a false value for the metre, or 1/10,000,000th part of a quarter of the earth's circumference. And even if they had appraised the metre accurately, it would have been useless for navigation, because it would relate to a 6-hour instead of a 12-hour clock.

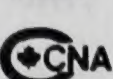

The true length of the metre, then, is 39.6", not the inaccurate 39.37" it represents today. The true metre (39.6") relates to the 36" yard in an exact 11:10 ratio, as it should in allowing for measurements taking the curvature of the earth into consideration. This means the present metre is an abortion that is 0.23" or almost 1/4" short, making for 23" or nearly 2 feet per kilometre.

So when metrics brand the duodecimal system as antiquated, hodge podge and unscientific, we should look at facts. These are that the ancients, Anglo-Saxons and Gauls knew far more about mathematics and metrology than certain revolutionary hotheads of 200 years ago. Both the land and nautical miles are soundly rooted in solid scientific metrology. Our system is much superior, being based on an intricate relationship in ordered

Pic of the Past

Our thanks go out this week to Evelyn Stata of West Guilford, Ontario, for giving us permission to use this photo showing the North Road school bus that transported the students to West Guilford Consolidated School. The bus gang shown during the 1936-37 term from the left, Herb Barry, driver, Joan Griffin,

Walter Smythe, Doreen Barry, Effie Barry, Evelyn Scott, Laverne Barry in front. This picture was presented to Evelyn Stata (Scott) in May 1937 by L. Burkholder for good conduct in school.

From the Chamber

by Bob Stinson

Back in September of 1963 our Chamber of Commerce saw the need to employ a full time member to handle the affairs of the Chamber. Although the rewards were small there were 22 applicants for the position from both near and far. Norm Craig was selected from the group by the executive and the decision was unanimously approved by the board. Norm had earlier retired from a successful funeral home business in Toronto and at that time, along with his wife Doris, owned what is now the Fireside Restaurant. He had already devoted much volunteer effort towards the Chamber and at least one of his accomplishments is with us today, and will live on, we are sure, as a tribute to his faith in the Highlands. That is the beautiful Haliburton Highlands tartan which is featured on our brochures, used for kilts for the Legion band, neckerchiefs for the scouts, and by choice for many items of clothing by residents.

Norm was forced to retire seven years later due to ill health but much of the success and credibility that this Chamber enjoys today is certainly due to the dedicated efforts of Norm Craig during that time. On June 5 he died at Peterborough Civic Hospital. He will be remembered fondly by many here in the Highlands who knew and loved him when he had his health and enthusiasm. Our sincere sympathy goes out to Doris and the family, and Norm, may you forever rest in peace.

New and Different

In Minden Ron Gambell proudly announced that he has acquired a Chrysler dealership for his new garage just over the bridge. Minden has been lacking a new car dealer for as long as we can remember and we wish Ron success with this new service and facility.

Just north of Minden on Highway 35 at Mountain Lake is Sun Valley. Joyce and Tony Pennick bade their farewells last week and we were pleased to be there to welcome Eevi and Veikko Sinikivi, their son Tony, daughter Aila and son-in-law Steve, who have just purchased the property. Veikko tells us that his immediate plans call for modernizing the restaurant and the building of a swimming pool and sauna to compliment the cabins. He is also looking forward to developing some groomed and marked cross country ski trails on the treed and rolling acreage. We wish them well.

We mentioned earlier that the Old Country House licenced diningroom was now open in Haliburton but we felt we must repeat that since we have now had an opportunity to view the beautiful craftsmanship that has been utilized inside and met the very gracious owner and hostess Uta Carl who will see that the patrons are well fed and happy.

Another new eating place is Bernie's Place in West Guilford. Bernie Nichols, who is becoming quite a celebrity since signing to play N.H.L. hockey with the L.A. Kings, is the owner, and he will be leaving the responsibilities of the operation to his mom and dad and younger brother (who is also quite a hockey player) while he goes off to fight the hockey wars next winter. In the meantime, they are gathering pictures and memorabilia relative to some of the hockey greats, past and present, from our area to adorn some of the walls and Bernie expects to add considerably to the collection once he is in residence in L.A. Sounds

Bill Smiley

Winding down. The school year is winding down to a close, and I occasionally feel that I'm winding down with it to a permanent close.

Last term is panic term. Back in September, everybody, students and teachers, was optimistic, healthy, looking forward to a solid year of accomplishment, whether of learning or of teaching.

Second term is the grinder. It's cold, or stormy, or both. The days are short, the nights long. There are no long weekends to break the monotony. Everybody is either at home in bed with the flu, or sneezing and snuffling all over the few teachers and students who don't have it.

Somehow we all struggle through, get a lift from the March break, and head into the home stretch, weary and short of wind, but with just enough stamina to make it to the wire, not necessarily first, though even the long shots manage to finish. Most of them.

This year we had two who didn't finish. One of them had enough sense to quit, and drops in occasionally to rub his bronzed, healthy face into our pallid, twitching ones, informing us with deliberate malice that he's just completing his morning's four-mile walk.

The other one, a super-active, exceptionally outgoing guy, looking forward to taking early retirement in a couple of years, and following his true vocation -- preaching -- was struck down by a tumour of the brain, and has retired permanently from this vale of tears.

Then, in the last term, the panic starts. Teachers must have marks for the year's work, and begin setting and marking tests and essays like maniacs. Students roll their eyes and groan when they learn that they'll have four tests next Wednesday.

The administration showers us with memos, threats, warnings, and other assorted garbage. Students who are not "highly motivated", in educational jargon, feel the pull of sun and green grass and a stirring of the loins, and drop out.

Everybody decides to have a field trip for his grades. The other day I had 13 out of 34 in a Grade 13 class. All the others were on a field trip, or off with the track team, or off with the concert band, or just

spending a day in bed, because "There'll be nobody there anyway".

I can stand all this; I've been doing it for 21 years. And it all comes out in the wash. The students who were doing well continue to do so. The students who were flunking continue to do so. A few, around the squeaky line, become extremely solicitous of the health and welfare of their teachers, in the hope of a miracle.

Strange things happen in the panic term. Just talked to a teacher today who still has a kid on his rolls, and hasn't seen him since September 8, 1980. Naturally, he thought the boy was long gone; but he's still registered.

A couple of years ago, a fairly good student got into my marks book, and raised his marks by 20 per cent across the board. The forgery was so obvious that I let it go, reducing his marks by 10 per cent from the original.

Just the other day, a teacher caught a kid cheating on a test. He had no need to. He was a top student, and now, because of cheating, must write all his finals. Guess what the subject was? Canadian Law!

But this is all normal, and all blood under the bridge. As I said, I can hack it. What gets me are the extras. Everyday there's some giggling chore to do that rubs the sandpaper into the wounds.

Take last week. Monday was, as usual, pull-yourself-together-day-after-the-week-end. Had to write out two exams after school (to be written four weeks in the future).

Tuesday, column day, had to sit in on interviews with two teachers for a job on my staff. An hour and a half down the drain. One changed his mind; the other wasn't the fireball I need. No column written.

Wednesday, have to go up to emergency ward at the hospital, to pick up a girl who had tried to sew two fingers

together in Family Studies, and done a fair job of it. Column written, hastily and not so hotly.

Thursday a.m. had to get the car to the dealer's to fix the flicker lights, then go and get it after school. Twenty-four bucks, and it isn't working.

Friday, have to trot a colleague off to the emergency with chest pains at 3 p.m., after missing a class at 9 a.m. to have a filling fixed (thirty-four dollars). Friday night, have to go to a play with old friends in it. It was excellent but I was whacked by time we'd got home and done the post mortem.

Saturday, drive 120 miles to see great-granddad, 88, who was more concerned with getting hold of some nice, rich manure for his roses than he was about the 88 papers I had to mark.

Sunday, play with great-nephew for two hours while his mother, father, grandmother, grandfather and great aunt busy themselves at less strenuous pursuits.

Monday, drive home, same mileage, and find skunks have torn up half the lawn, searching for grubs. Tuesday, back to work with no marking done, pants have big grease spot on front, and column to write. And here I am.

Queen's Park Report

by MPP John Eakins

For sometime my colleagues and I at Queen's Park have been urging the government to assist farmers suffering under the heavy burden of high interest rates. I am now pleased to be able to report that the provincial treasurer has announced that the government will introduce a program within the next two weeks to help farmers who are faced with a rising number of bankruptcies. No details were given, but he told the Legislature that the province could afford to spend \$50 million to \$100 million to help Ontario farmers.

Letters

from page 4

ratios between duodecimals and decimals, both linked to time. It was because metrics did not relate distance to time to render a meaningful scientific system that it was rejected by Jefferson and Adams and many scientists are unhappy with it today. It is also the reason why the nautical mile must be used for navigation on land, sea and in the air, and why feet and fathoms are still entirely relevant as depth and altitude scales.

So what place has the kilometre and metre in all this grand scheme? Absolutely none whatsoever. They are inaccurate, arbitrary, artificial and unscientific impostors. And since the metre is an erroneous and unscientific distance measure, the derived litre and kilogram are likewise meaningless.

How can scientific mileposts be restored? In one fashion only: continued public hostility, the likes of which abolished the Metrication Board in Britain and kept the milepost signs. Enough complaints to metric peddlers will make them back-pedal. Resistance to dealing in metric measures in stores will make merchants see the light. But perhaps letters to MPs are the best weapon, from everyone, till the politicians realize the political cost of continuing the ridiculous scam for the benefit of the multinationals, or, in our most charitable interpretation, they come to know the metric delusion for what it is.

And the sooner this is accomplished the better, since Canadian children are being brainwashed with a measurement system totally unrelated to scientific reality. Movements like Sally Hayes' 'Operation Humbug' (Help Undo Metrication: Bug Your MP) of 67 Crown Drive, Peterborough, Ontario; Dave Elliot's 'Anti-Metric Canada', 190 5th Avenue, Ottawa; and Alan Stone's 'Stop Metric Now', are all avenues for petitions and signatures.

The alternative to action is a Canada that has swapped a pearl of science and common-sense for a ghastly mess of metric pottage.

Sincerely yours,
Ian B. Patten,
Anchorage, Alaska

Other Matters

Both Opposition Parties attempted to force an emergency debate on the new gasoline tax, but the motion was defeated by the Conservatives. Stuart Smith charged that the government will make much greater windfall profits than originally anticipated out of its "sneaky, insidious" ad valorem tax.

The government is to prepare a standard offer-to-purchase form to protect home buyers. However, the form won't be mandatory and the government won't move to protect home buyers from sudden increases in mortgage rates. The new form will be designed to replace often misleading "fine print" clauses in some home purchase agreements which end up costing some home buyers far higher interest on mortgage payments than they believed would be the case. Opposition Members called upon the Minister of Consumer and Commercial Relations to design a short form which would lay out mortgage conditions and any possible loopholes. Stuart Smith said offers-to-purchase, which people sign when they want to buy a home "should be in plain English, should be logical, obvious and readable". Such offers should be "as binding on one side as upon the other, unless it is clearly stated in the same size type that the interest figures is not binding upon the vendor".

Angry Opposition MPPs forced a temporary adjournment of the Legislature when only five Conservatives out of 70 bothered to attend for the NDP leader's response to the provincial budget.

New drivers will be on two years' probation before getting permanent licences. If they accumulate six demerit points in a one-year period, they will lose their licences for thirty days.

Under new legislation, Ontario workers laid off in plant shutdowns will receive a week's severance pay for every year of service. Employees with five years' service will apparently be eligible for severance pay up to a half year's salary. The legislation will apply only to companies with fifty or more employees.

COUNTY ECHO SPORTS

Don Cohen of British Columbia was one of 16 competitors in the single place canoe category who ran the rapids of the Gull River Saturday in a bid to win the national championship. Cohen finished seventh.

Pierre Paquet of Quebec leans into a turn along the 800 metre long course on the Gull River. Paquet finished in ninth place in the C1 or single place canoe category of the national championships.

Legion leads pack in men's softball season

by Sue Cooper

While the legionnaires and Curry's motormen each have four wins to their credit, the Legion team is in first place with only one loss this season in the Haliburton men's recreational softball league.

The legionnaires pulled out a strong victory over Kennedy Surplus's team last Tuesday walking into an 8-2 win. Wade Stamp's strong pitching aided the legionnaires along the way. Although most of the legionnaires were popping singles, Bernie Nicholls and Stamp knocked out two home runs to add to the score.

Nicholls' single in the first inning added up to the count as base hits from Stamp and Paul Morissette aided his advance. In the third inning, Nicholls came across the plate again as his team mate Bob MacNaull brought him home on a single.

In the top of the fifth with the legionnaires leading 2-0, Stamp smashed in a home run to give his team another point.

Peter Lymburner went to bat for the Kennedy team, and matched a nice single which became a run batted in for Jerry Walker. But Stamp

quickly put the next three batters out.

In the top of the sixth, with the legionnaires still leading by two runs, Nicholls came up with a home run to aid the legionnaires cause bringing Mike Rae and Bob Nichol across the plate for three.

Two singles paid off for Rae and Paul Wilson in their last chance at bat as a double by Nichol brought the pair home.

Kennedy's squad didn't give up easily, but with only Walker coming across the plate in the final inning, it was a lost cause.

Later in the evening, strong hitting and good in-field play sent Curry's motormen on a scoring spree that LaRue's team couldn't match.

As the motormen advanced to the plate, five runs were batted in throughout the first inning. Mark Schell was first sent to base on balls. Then Ron Perrin helped him advance with a hit to the field. Singles by John Wilson and Roy Scott sent the runners around the bases and an error at first left Craig Wood safe on base.

At their next turn at the plate, the motormen chalked up five more runs as Jeff

Carpenter, Schell, Perrin, Dawson and Scott all came home again.

LaRue's team began to slow the motormen down in the third and fourth innings, but LaRue's couldn't pick up the momentum they needed. Finally in the third inning LaRue's team scored its only run of the game as Eric Martin made his play at the plate.

In the top of the fifth, Curry's squad added another two runs to their total as Carpenter and Schell came home again.

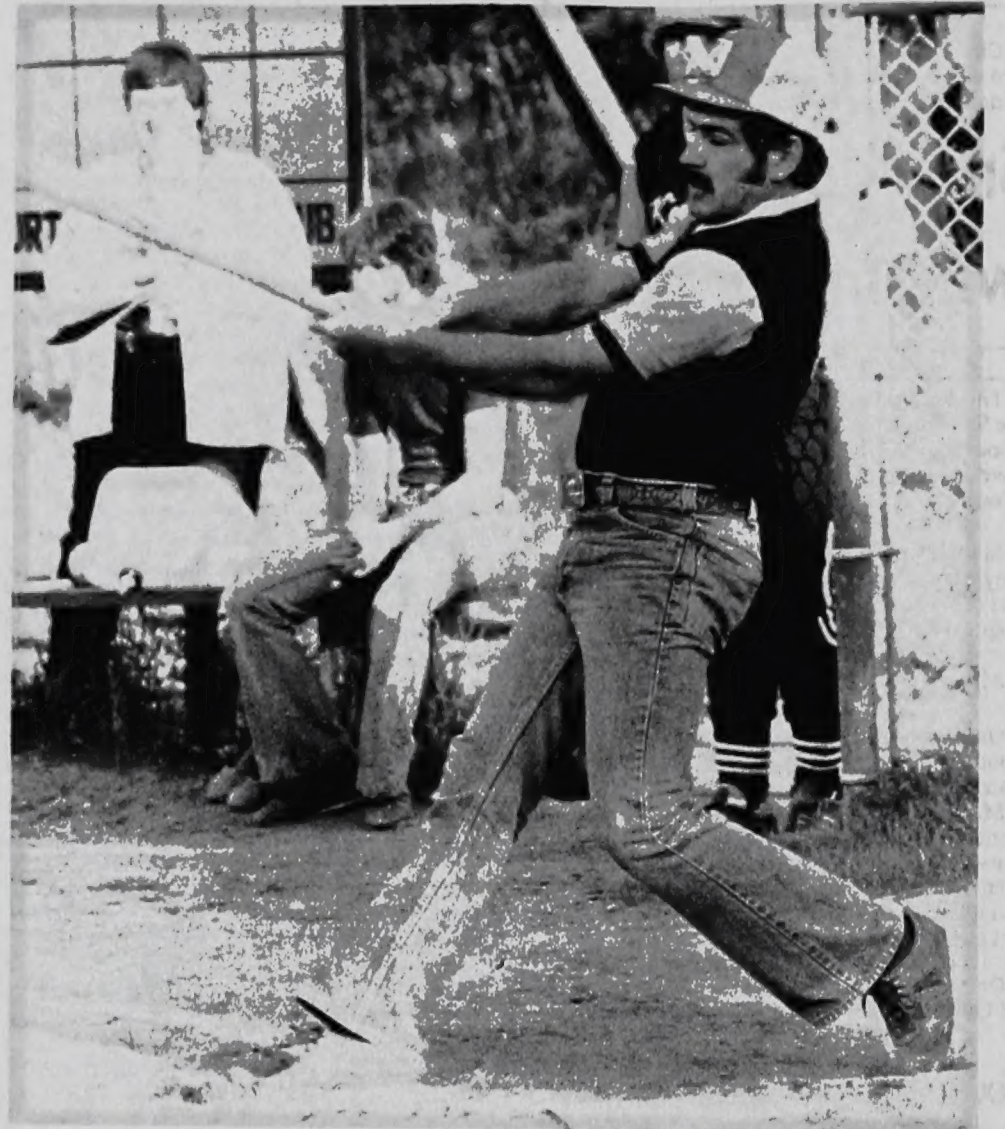

The game was called at the end of the fifth inning. The final game of the week saw Kennedy's edge out Haliburton Lumber, 5-3.

Kennedy's squad had a strong first inning as it picked up all of its five runs. Dave Nicholls was the first across the plate, and Lee Bull, Barry Shaw, Rene Bonfield and Bill Dobson followed suit.

The lumbermen came up with two runs in the first frame but they were cut short by the Kennedy squad.

Strong pitching by Ted Vasey and good in-field plays kept the Kennedy team off the scoreboard for the remainder of the game but the

Cont'd. page 7

Lee Bull took a mighty swing in a contest between Kennedy's squad and the lumbermen last Thursday night. Kennedy's team won the close match 5-3. This Thursday night game had to be rescheduled.

West Guilford on top, picks up another win

by Helen Burk

The weatherman didn't cooperate for the two games scheduled for Monday night in the Haliburton ladies softball league. These rained-out games will be made up in the next two weeks.

On Tuesday night the Minden Juniors travelled to Stanhope. This game proved to be exciting with Stanhope coming up on top 14-5. Kelly Harrison had a good night at the plate for Stanhope. Marg Darby got the win while Cheryl Dillon took the loss.

The Dixie Lee Homestead team played host to Wilberforce Tuesday night. At the end of two innings Wilberforce were leading 3-2. But in the bottom of the third Minden got eight runs and went on to win 25-11. Minden were led by Helen Burk who got a grand slam home run. Lorraine Carpenter and Nelda Cully also had a good night for the home squad. Andrea Burk got the win while Chris Storey took the loss.

Wednesday evening Hal-

burton travelled to Gooderham. This game was a see-saw battle all night with Haliburton finally winning 25-21. Kim Roberts and Wanda Scott led the Haliburton team. Nancy Maughan got the win. L. blue sky 660T

Stanhope travelled to Wilberforce also Wednesday night. Marg and Cathy Darby led the way for Stanhope. Cathy Darby got the win while Chris Storey took the loss. Final score was 35-17.

Thursday night the Dixie Lee Homestead team travelled to West Guilford. The West Guilford team got eight runs in the second inning but in the top of the third Minden got seven runs to come closer. There was no other scoring until the bottom of the sixth when West Guilford got two more and Minden could only get one back in the top of the seventh. Winning pitcher was Joan MacKay while Nelda Cully took the loss.

Standings: West Guilford - GP6, W6, L0, PTS12; Stanhope - GP8, W6, L2, PTS12; Haliburton - GP7, W5, L2, PTS12.

Cont'd. page 7

Daniel Balthazard of Montreal manoeuvred his closed decked canoe to a national championship in the C1 category on Saturday. Balthazard negotiated the

course in a time of 332.3 seconds, which included 70 seconds in penalties assessed for touching or missing gates.

SHOCK TALK

Cutting down or pruning trees near overhead wires is dangerous. If you are touching a tree or branch that falls into wires, you could be seriously injured or killed.

Be extremely careful. Before pruning or felling trees that are near hydro wires call your local hydro for advice or assistance.

Safety around electricity is no shock to you.

Recreation coordinator plans summer's activities

by Karen Thomson
Dysart et al
Recreation Coordinator

Children's Soccer
Children's soccer begins in two weeks, and the response to date has been very encour-

aging. Forms were picked up from the schools last Friday, and there are presently 40 boys and girls registered. However, we need a few more coaches. Anyone who has two hours to spare on Monday or Thursday afternoon can be

of tremendous help. No knowledge of the game is necessary; just a desire to coach and play with children. If your child still wishes to play, there is still time to join. Just call me at 457-1791 and I will add his or her name to the list. Extras can register at the first session.

Horseshoes & Shuffleboard
Equipment for the shuffleboard courts and horseshoe pitches was ordered last week, and is due to arrive at the end of the month. Arrangements for tournaments and trophies are still in the planning stages.

Children's Playground
Some games equipment has also been ordered for the playground. Two ladies have called me to say they will volunteer to help, as well as donate some craft supplies. I appreciate their support and hope that others will follow their example.

Tennis Club
The Ontario Tennis Association has a travelling summer recreation program. Their representative will be visiting Haliburton on Thursday, August 13, to hold a tennis clinic. Anyone with enthusiasm can take part, so mark the date on your calendar.

Snowdon Combines winning in league

by Helen Burk

The Snowdon Combines of the Snowdon Irondale Galway Gooderham (SIGG) League have gone six games without a loss.

In their first outing, May 8, they played against Irondale and came up with a 17-5 win. Roger Hicks picked up the win while Joe Hancock took the loss.

On May 15, they played at Gooderham and this game ended in an 11-11 tie. May 22 they played at Irondale and this was a close game all the way from the first pitch to the last. Snowdon won 8-7. Carl Anderson picked up the win.

On May 28, Snowdon hosted Galway. Snowdon got a

good effort from Larry Vick, Pork Walker and Jack Saunders to help them win 23-10. Roger Hicks got this win while Merv Preston took the loss.

June 7 saw Gooderham play host to Snowdon. Pork Walker and Greg Carpenter led the Snowdon Combines to a 13-6 victory. Carl Anderson picked up the win while Vince Billings took the loss.

Last Sunday Snowdon played host to Galway and came up with an 11-3 win. Martin Bacon had a home run and a triple to help Snowdon still be undefeated. Roger Hicks got the win while Merv Preston took the loss.

Six more frogs named for squash contest

Six more winners were drawn Saturday in the squash club's first ever 'back-a-frog' sweepstakes.

The six will join six others already in the running and twelve more to be selected over the next two Saturdays leading up to the day of the big race, Saturday, June 27. Pat Brydon will be pinning her hopes on the competitive spirit of a jumpy little number known as Squirley Shirley.

Betty Morrow figures to be a strong contender for the money with "Snurt". But Todd Fyfe could end up

Hundreds of people lined the banks of the Gull River north of Minden, Saturday and Sunday, to watch the 1981 Canadian national canoeing and kayaking championships. The action-packed weekend was

capped by a freestyle exhibition and competition to name a national team to go to the world championships in Bala, Wales next month.

New Hustlers pick up momentum

The Rockcliffe Hustlers, who are sporting some new faces this year, are off to a good start in 1981. With just six of last year's players, coach Neil Burk has had to do some recruiting and has come up with some fine young talent plus some senior talent to fill the gaps. The team is presently holding a four wins and two losses record and is close to the top of the division.

In a close contest, the Hustlers came up with a 2-1 win over the Grand Hotel last week. The locals got on the scoresheet first in the second inning as they picked up one run. Grand Hotel came back to tie it in the fourth inning. From this point on it was a pitchers' battle until the sixth inning when Gene Newell (back out of retirement), hit a solo homer to win it for the Hustlers.

Winning pitcher was Jack Snell. On Sunday the Hustlers won 14-6 over Lindsay.

Check MNR before installing new dock

If you are planning a project such as a new dock, retaining wall, or other structure, the Ministry of Natural Resources notes that you may not be aware that such a proposal could involve occupation of crown lake or river bed, and may have adverse effects on fish and wildlife habitat, or on other landowners in the area.

MNR approval is required prior to such work, as covered under The Public Lands Act.

What Does OML Approved Auto Repair Service Mean to You, The Car Owner?

For a long time, people have asked the OML if we could recommend a reliable garage that would do honest repairs at a fair price. Now we can say YES.

All the garages listed here plus another 250 throughout Ontario have passed a strict inspection by the Ontario Motor League; we have checked their facilities and quality of personnel and equipment. We have even checked at random with some of the past customers of each garage for their comments. These places have met our tough standards.

These garages will provide a written estimate upon request. They will also guarantee their work for 90 days or 6400 km. (4000 miles), whichever comes first.

In the event of a dispute between the customer and the garage over quality of service or price, the ONTARIO MOTOR LEAGUE WILL BE THE FINAL ARBITRATOR (this part of the service as well as the 90-day guarantee, is restricted to OML-CAA members only).

The APPROVED AUTO REPAIR SERVICE is now underway in most parts of Canada. This is another reason why IT PAYS TO BELONG to the OML, serving motorists for over 78 years.

For membership information, call or visit our office at 238 Lansdowne St. East, Peterborough, 745-5747 or pick up a membership brochure at Curry Motors Limited, Haliburton.

COUNTY ECHO FAMILY

Extendicare News

by Dr. W.O. Anderson

Monday, June 8, 1981 the Happy Gang started a new chapter in its career, having a new activities director, Ivy Shaw. Members surveyed seem to be willing to do what they can to make this new beginning a success. A director is an extender staff member and represents the only contact between extender and the Happy Gang apart from the nursing care. They supervise Happy Gang affairs but that is all, neither adding to or subtracting monies or value.

A point of interest may illustrate. For several years we have tried to grow sweet peas along a short wall fronting the front but for some reason they would seem to stunt. This spring we dug it up, mixed in some peat moss to try to hold more moisture but they are still stunted. For over a year now we have tried to get a Ph kit that would determine the acidity of the soil, but seemingly efforts to locate a kit we could buy failed until Monday morning, when we walked in to the activity room and there was a kit right in front of us. Where it came from or who bought it or even if it was ours we could not find out, but just the same we used it to determine the acidity of the sweet pea soil and found it to be Ph 5 - very strongly acid instead of being alkaline as sweet peas demand. Instructions on the kit said to add lime to the soil to bring it up to sweet pea demand but that will probably take time and maybe many more tests. We did have some of the recommended ground limestone on hand and put on a substantial amount but whether it is enough we will learn from the plants' behaviour of the tests. An odd thing is that the kit was an item sold commonly in at least one of the Haliburton stores. We come to find that the kit was donated by former director Pat Burk. Thanks Pat.

In the afternoon the ladies quilted. Sylvia Gilbert, Flossie Burk, Hazel Parish and two volunteers, Amelia Sibley and Lillian Hague. They tell me that the quilt cover lost some three or four weeks ago is still missing.

The woodworker, Charlie Stormer, showed up to continue the making of the magazine racks with Norman Titus, Jim Allan, Allan Macklin and Ray Smith ready for the work.

Ivy Shaw did not come alone, but brought her

sister-in-law, Sheran Walls along to help and both were as busy as bees all day. The role of activity director is quite exciting and Ivy will need full cooperation from all of us.

June Devolin came as usual Tuesday morning to conduct bible study, continuing with "The Lord's Prayer". On these visits June is not only a leader in the study but makes her rounds of the nursing home on behalf of any residents who are in need of spiritual comfort and who ask for her attendance for which all are grateful.

In the game of bingo in the afternoon, Helen Archer and Bernice Ross were the volunteer helpers for all but especially for those who are not as sharp as they would like. The game came off like clockwork. Thanks helpers!

The van fund is still as active as ever but not as voracious.

We have been completing the application for a grant from New Horizons for a winterized shed, a workshop equipped with ample tools and a greenhouse but we cannot apply for water because there is no way we can get it, unless we are permitted to use non-potable water and provision is made to pipe it from the little creek here, either by an electric pump or by the construction of a water

ram. Water rams were fairly common in the days before electric power but since then they have become so outmoded that it is possible that no one in Haliburton or area knows how they are built or how they work. Suffice it to say that if we had water supplied by a ram properly built and installed we could have a continuous stream from the creek without power and perpetual. Some lad or lass may wish to offer a challenge that they know all they need to know about water rams and they could build and install one for us at a price. A good phone number is 457-1722 or 1092.

Wednesday needed more baking, in particular a date squares cake which needed Hazel Parish, Nine Hussey, Sylvia Gilbert, Florence Burk, Edward Thorlakson, Vera Griffin, Christina McCrae, Allan Macklin, in the tutelage of Ivy Shaw. They spent the morning doing it but it is a very good cake that we will have to eat one of these days, possibly the coming nursing home week that is advertised in our local paper for June 22-26, the proceeds of which we hope will boost the van fund. There is the strawberry supper, a rummage and bake sale and an open bingo night.

Someone borrowed a couple of plants and flowers books

from us about three months ago and they are not returned, leaving us a bit short.

It is nice to learn that the local council are planning all out in efforts to make the Head Lake Park a place to enjoy and relax.

Friday morning the devotion period was led by a member of the United Church of Ingoldsby, Keith Hill, who in addition, brought his pianist along, Celia Brown of Lochlin. The theme was death as being simply a second birth to the believer, a spiritual birth. It was very nice of Mr. Hill to fill in for the ministry like that, and Mrs. Brown. Thanks!

Two movies were shown in the afternoon - 1. One kitten for Kim, showing how a little boy managed to trade off five kittens so he could have one. 2. Civilization as it is in British Columbia, a sequel to Capt. Vancouver's discovery of that delightful city. This film touched on the riches of oil, of lumbering, of farming and manufacturing. It is a very busy thriving province of Canada.

Later in the evening, Nancy Picard with her trusty accordion and Jack Pollard with his trusty harmonica provided us with a nice session of popular music. This duet should be televised so that they have a larger listening audience. Thanks anyway!

Mathew Williams, left, and Jeremy Stouffer were in charge of the popcorn sales at the annual Fun Night at Victoria Street school in Haliburton Village last Friday evening.

Fathers can enjoy children now more than ever before

by Catherine Miller

Fathers today often have an opportunity to be involved in their child's development right from the first days of life - or even before, if they choose to take part in prenatal classes, and be present at the birth. Attitudes have changed from the time when child care was viewed as "women's work". It is now recognized that a father who chooses to be actively involved in caregiving (feeding, bathing, playing, soothing) can do just as good a job as a mother. It seems that women simply get more practice and therefore seem to be more comfortable and skilled with these responsibilities.

The benefits of father's active participation in baby's life are reaped by mum, dad

and baby. Early experience with a varied environment can help baby learn how to respond to novelty or difference in his surroundings. Any two people can provide variety (for example, mother and grandmother, in a single parent family), but the contrasts between mum and dad are particularly interesting to a child.

Fathers look different, sound different, feel different and react differently from mothers. It is often the case that fathers play with their children in a more active physical style - roughhousing, chasing, bouncing. Researchers have found that a father's greatest contribution to a child's physical and mental development comes from these play sessions.

This finding isn't surprising since direction, encouragement, praise and give and take are all a part of the activity.

For those who are concerned that they don't spend as much time with their toddlers as they'd like to, it seems that amount of time spent is not as significant as the quality of the involvement. In other words, twenty minutes daily of intense enjoyable involvement makes a much larger contribution to the child's growth than you might think. Furthermore, even small amounts of time at regular intervals can provide some relief for mother - who may be right out of energy when baby is still raring to go. Sharing responsibility can, in

Cont'd. page 9

Students named for attendance

The following HHSS students had perfect attendance for the 1980/81 school year:

9A - Barbara Adams, Lisa Jones, Robert MacLeod, Shona Ross.
9B - Kim Brown, Colin Newell, Kathy Shipley, Karen Wright.
9C - Werna Blakey, Dale Brownson.
9D - Rose Daigle, Steven Stata.

9E - Janelle Robinson.
10A - Dana Collier, Chris Hartin, Karen Smith, Stephen Smith.
10B - Nancy Bagg.
10C - Kristine Storey, Paul Upton.
10E - Mary Ann Daigle.
11A - Greg McKay, Mike Pearsell, Nancy Shipley, Cathy Tyler, Jeff Whitfield.
11B - Jeff Foran, Robert Heywood, Wendy Sicard, Wayne Welch.
11C - Bill Mulholland.

Senior League

by Linda English

The week's activities started on Monday morning with fun and fitness. Everyone enjoyed exercising to music and a vigorous game of kick the ball. Later in the afternoon the ladies made their way to the craft room to work on their projects in preparation for the bazaar. Ted Carr is working with wood and producing some lovely planters. We're very pleased to have the men taking part in crafts.

Tuesday morning, Bob McBrien and Mr. Lambsh of Minden Gospel Church held service in our chapel. We enjoyed the message and the music provided by Agnes Taylor and Barbara Trociewicz.

After lunch, several people gathered in the main lounge for a game of bingo. Millie Wood was one of the many lucky winners.

Wednesday evening, the Hyland Crest auxiliary members were here for games night. The residents and helpers enjoyed games of euchre, cribbage and crock-nole.

Thursday afternoon the ladies of Minden Horticultural

Society brought lunch for the weekly tea party. They served an assortment of sandwiches and cookies. The residents always enjoy the good food and look forward to the tea party every week.

The week came to a close on Friday afternoon with Grace Coburn leading in the sing song. Norma Barron accompanied her on the piano.

On behalf of the residents I would like to thank all our volunteer helpers who spend many hours working both at home and at Hyland Crest. These people bring us many hours of enjoyment as well as working hand in hand with our auxiliary to raise money to make our home more comfortable. There are several special events planned for Senior Citizens week. The Over 70's Dinner will be held on Tuesday, June 23 at 5:30 p.m. in our auditorium.

Everybody over seventy in the county is invited to attend. If you are planning to come to the dinner, please call Hyland Crest 286-2140 and leave your name before June 19.

Students exempted from examinations

The following students were exempted from writing all final examinations at Haliburton Highlands Secondary School:

9A - Lori Dunham, Lisa Jones, Rob MacLeod, Mike Parish, Warren Perry, Shona Ross, Tracey Wilson.
9B - Dawn Elliott, Mary-Anne Madill, Lisa Malott, Colin Newell, Kathy Shipley, Cathy Woods, Karen Wright.
9C - Tara Davies, Angela Gough, Kathy Walsh, Scott Yake.
9D - Lora Irvine, Kelly McGuire.
9H - Paul Penick, Dale Ripley.
10A - Chris Hartin, Susan Milne, Jessica Powell, Jennifer Stitt, Jennie Woods.
10B - Brian Donaher, Karen Gillespie, Michele Levesque, Jalna Stromberg.
10C - Sheila Barnes, Mark Blackburn, Sean Finlay.

Craig Mintz, Kristen Storey, Steve Tripp.
10D - Esther Cooper, Cathy Howe, Lori Pockett, Karen Stewart.
10E - Debbie Ingram.
11A - Shelly Bull, Gregg Feltham, Chris Lodenquai, Jackie Miller, Kathy Mosgrove, Mike Pearsell, Nancy Shipley, Cathy Tyler, James Wooden, Dawn Wright.
11B - Craig Bugden, Terry Crowe, Duff Mitchell, Mike Pearson.

11C - Tammy Burroughs, Lyle Donaldson, Karen Franke, Bill Mulholland.
11D - Ann Everall, Eileen Henderson.
12A - Ron Yake.
12B - Shane Blakey, Laurie Harrison.
12C - Marilyn Arsenault, Karen Croft, Lisa Dunham, Lee Finlay, Suzanne Penney.
12D - Bret Austen, Rick Blackburn.

DISTRICT NEWS

Kinmount Korner

by Millie Moss

Mr. and Mrs. Gordon Taylor of Norland attended a wedding recently at Bruce Mills.

I was sorry to hear Phyllis LeCraw of Norland was taken to hospital again this past week where surgery was performed. We hope you'll be feeling better soon, Phyllis.

Vi Crego and Nora Crego were a couple of Kinmount folk who weren't well last week and Mary L. Pyke and Jason Moss of Norland were under the weather a few days last week. Nice weather is here, so up and at 'em, it's no time to be sick.

Happy 42nd wedding anniversary to Ken and Joan Hyams on Wednesday, June 10 and also to their good friends, Jack and Isa Nelson of Toronto who celebrate their big day June 21. The Nelsons, who will be staying at their cottage, will be dinner guests of the Hyams on Friday and then to Mr. Foggs for dinner on Saturday to celebrate their anniversaries together, as they have done for years past.

Dave Bartley spent some time last week visiting friends in Norland.

The North End Schools held their track and field meet on Friday, June 5 at the Kinmount fairgrounds and the results of that big day saw Coboconk take first place with 199 points. Kinmount took second with a score of 114 points. Burnt River was third with 66 points, Norland placed fourth with 48 points followed by Kirkfield with 41 points. I am told on good authority that Kinmount could possibly have taken first place had there been more pupils because it certainly wasn't because of lack of any skill but rather not enough participants to enter in all the events. The following won medallions and congratulations to each and everyone of you: the primary girls: gold, Molly Suckling; junior girls: silver, Sheri Magee. Intermediate girls: gold, Barbie Fountain. Intermediate girls: silver, Jennifer Dettman. Senior girls: bronze, Julie Brown. Senior boys: silver, Danny McClune.

Attendance

from page 8
11D - Julie Hayn, Merrett McNeil.
11E - Wayne Beaver, Eric Nicholls.
12B - Shane Blakey.
12C - Colin Robinson.
13A - Leslie Booth, Mike Wright.

ey. The following pupils will be going to Lindsay June 17: Vickie Swinson, Danny McClune, Jennifer Dettman, Julie Brown, Barbie Fountain, Sheri Magee, Michael Zandstra and Lori Hewman. Again, congratulations; you do us proud.

Ida and Clyde Parry were Monday dinner guests at the Pyke home in Norland.

Joe Crego has been in North Bay recently and should be a further month or so on his job.

The Kinmount Orioles, ladies softball, defeated Kirkfield with a score of 17 to 9, Tuesday, June 9.

Another of our neighbours in Minden Red Cross is Hazel Belfry. It only takes a few minutes of your time to stop by Kinmount 5 - \$1.00 store or Dettmans Dry Goods to pick up a card to send to our shutins, but the lift that gives to the patient lasts much longer. Think about it.

Mr. and Mrs. Harold Mer-

rith have now moved to their new home in Arthur, Ontario and Mr. and Mrs. R.F. Newby of South Lake will be moving into the "Merritt" house on Howland Junction Road.

The St. Patrick's C.W.L. card party results last Tuesday are as follows: ladies' high: Nora Swinson, ladies' low: Ruby Schell, men's high: Ambrose Watson, men's low: Reg Williams and most lone hands: Irene McNamara.

Mr. Norman Bamford, along with daughter Betty Holdsworth of Havelock are currently on a three-week vacation to Italy and Greece. Mrs. Bertha Bamford is visiting daughter, Myrna Armstrong in Toronto.

I hope Win Wilson is feeling better by now.

On Saturday, June 27, beginning at 12:30 p.m., the ladies auxiliary of Legion Branch #441 will be sponsoring a giant rummage sale, to be held in the Kinmount

Legion Hall. Anything you wish to donate will be gladly received at the hall so now is the time to gather up those things you've been meaning to dispose of and help someone else at the same time. The ladies' auxiliary works hard and well for our Legion so let's back the girls all the way in their fine efforts. Do make a point of attending this sale. See you there!

Ida and Clyde Parry of Coboconk, Mary L. and John Pyke of Norland, spent their afternoon in Fenelon Falls last Friday.

The Kinmount Public Library Board will be holding their annual bake sale Saturday, June 27 at 9:30 a.m. on the main street beside Dettmans Dry Goods Store. These goodies don't last very long so be there early. Any contributions will be greatly appreciated.

Salad season is coming up, so I thought you might like a recipe in that line. Pineapple

Cole Slaw: Combine 1 cup salad dressing and 2 tbsp. of pineapple juice. Add to 4 cups of shredded cabbage, 1 cup diced, unpeeled apples, 1 cup pineapple chunks, half cup of diced celery and 1 cup miniature marshmallows. Toss lightly.

To all you practising dads out there, have a very happy father's day.

St. James Anglican were starting out on their 10-mile walkathon Saturday morning so hopefully more on that next time.

Welcome home to Mary and Jim Gillis who were on vacation in Cape Breton for three weeks. They visited different sections of Nova Scotia and had a grand old time.

There will be a number of up-coming events and I'll have more on them at a later date.

In the meantime if you have any news, give me a call at 488-2399.

Chatting with Irene

As I sit here trying to pull my column together, I keep wondering why spring and summer seem to go so fast! Winter never seems to travel out in a hurry. Oh well, there is no holding time back so let us enjoy each day as it comes and that will keep us from worrying about things we cannot foresee.

Speaking of each day, this Sunday, June 21, has three things going for it. It is the longest day in the year; it is the first day of summer and it is also Father's Day.

Recently I read in a paper of the "Rise and Decline of Modern Man". This I pass on to you. At 6 months - all lungs. At 5 years - all ears. At 14 years - all hands and feet. At 21 - all muscle. At 45 - all tummy. At 55 - all in; so men beware; but have a good Father's Day anyway.

Mr. and Mrs. H. Lloyd Johnson spent a few days in Hamilton recently where Lloyd attended a meeting.

The Women's Institute had a very enjoyable bus trip to Lang Century Village and a cruise over the Lake at Peterborough. A trip such as this is only as nice as the people who go on it and the WI do thank all the ladies who went on the trip and helped make it so enjoyable. "Jack" our congenial bus driver, was also very helpful.

Guests with Mr. and Mrs. Gord McAfee recently were Mr. and Mrs. Robert McAfee and Mr. and Mrs. Harold McAfee, all of Florida.

Over 40 members of Kimbourn United Church in Toronto, attended last Sunday's service at Minden United Church.

When a man has put his

foot down, it means his wife has finished vacuuming under his chair.

Mr. and Mrs. Don Nye spent a few days in Toronto last week.

The Martha group of the U.C.W. closed out their spring meetings with a meal at the United Church on Thursday, June 11. The meal was catered by Dixie Lee and after a few items of business, the remainder of the evening was spent in games.

Mr. and Mrs. Gordon Dawkins and Beverley of Rexdale spent the weekend at their cottage and Mrs. Dawkins and Beverley are staying for most of this week.

Evelyn Robertson won the second snowball of \$66 in 17 numbers last week at Rotary bingo.

Colin Hewitt of Toronto spent the weekend with his mother, Mrs. Joyce Hewitt.

Banana Split Dessert - 2 cups graham cracker crumbs, 1/2 cup melted margarine. Mix well and press in a 9 X 13" pan. Filling - 1 lb. pow-

dered sugar, 2 eggs, 1 cup margarine. Beat together 15 minutes and spread over crumbs. Slice 3 bananas over filling. Drain a large can of crushed pineapple and put over bananas. Cover with cool whip or cream whip. Top with nuts and cherries. Refrigerate 4 hours before serving. Cut in 12 or 16 squares.

Mr. and Mrs. Lloyd Brownridge of Scarborough spent the weekend at their cottage, where Lloyd kept busy with his garden.

Don't forget the rummage sale on Friday afternoon upstairs at the parish hall.

Mr. and Mrs. Phil Robinson enjoyed their visit with Mr. and Mrs. Les Prentice in Lindsay last Thursday.

There are mixed feelings regarding "Canada Wonderland" judging by the letters in last Saturday's Star, but anyone I've been talking to that has been there, says it is just lovely.

I think the people of Ontario and all of us as Canadians, should be proud that finally we have a major

attraction in this country. Some say the Ex is cheaper, but is it? You pay for each ride and all extras as well as to go through the gates. What you pay at the gate of Canada Wonderland also gets you on all the rides. Canadians, be proud of it.

Mr. and Mrs. Glen Sears and family of Oshawa spent the weekend with the Milt Sears.

Mr. and Mrs. Richard Kirkwood are planning an auction sale at their new home in MacKayville on July 4.

Bradley Robinson of Scarborough spent the weekend with his parents, Mr. and Mrs. Phil Robinson.

Everyone reported having a good time Saturday evening at the Haliburton County Fair beef barbecue and dance.

Mr. and Mrs. Cliff Barry and Mrs. Arnold Coulter spent Friday in Peterborough.

The man who gets his breakfast in bed is usually in the hospital.

Adios and take care now.

Gooderham News

by Mary Hadley

Mrs. Lulu Dovell celebrated her 87th birthday with a surprise party attended by all her family. This included her two children, Edith and Dan Dewey, Floyd and Etta Dovell as well as her grandchildren, Carol and Gordon Dawson with their three children, of Peterborough; Gary and Fay Dewey and their daughter of North Bay and June and Grant Hunter with their son Cory. Congratulations, Mrs. Dovell! We wish you continued health and happiness.

Mr. and Mrs. Gordon Barr attended the McKay family reunion at Middleville, near Lanark. Gordon's grandmother Barr was a McKay. Gordon is always interested in family history.

Fathers involved

from page 8
turn, help to improve the relationship between mum and dad. Each parent can learn about their child from the way the other parent relates to him, and realize the "something special" that each has to offer a baby. Your comments and questions regarding issues in child development are invited. Please write to: Infant Stimulation, c/o Health Unit, P.O. Box 570, Haliburton, Ontario.

Mrs. Barbara Edwards, with her children, Douglas and Janice, spent last week with her mother, Mrs. Audrey Prentice.

Mrs. Claribel Sheehan has returned from the south to her cottage on Pine Lake.

We are sorry to write that John Hunter has been hospitalized in Chatham with a coronary artery. Latest reports convey the news that he is improving and we trust that this improvement will continue.

Mr. and Mrs. Eric Billings have moved into Gooderham. Welcome to our village, Cindy and Eric!

Mr. and Mrs. Ivan Hunter flew to Edmonton to visit their daughter Gail, her husband, Bill and their two little daughters, Karen and Samantha.

On Monday, June 29 from 11 a.m. to 4 p.m. the Chatterbox Girls' Club and their

mothers will travel to Haliburton Park for their annual picnic. Here they will enjoy games using the park's facilities, a hike, and, of course, the popular picnic lunch. This last meeting of the season will culminate their activities until they meet again in September.

The Proverbs, one of Canada's foremost gospel groups, will be appearing at Gooderham Pentecostal Church on Saturday, June 20, at 7 p.m. and on Sunday, June 21 at 11 a.m.

Following more than 11

years as one of Canada's best-known male gospel groups, the Proverbs began a major change in direction in June 1979 with the addition of its first female member. Public reaction to the Proverbs' new sound was clearly evidenced at the 1980 "Covenant Awards" in Hamilton when the new group was nominated as "Favourite Mixed Group" and their then newly-released album, "The Proverbs - a Portrait in Black and White" was nominated as "Favourite Album" of the

Dorset News

by Phyllis Briscoe

"Living without clutter takes an iron will. Some have it, and then there are the rest of us".

The Dorset Elementary school children had an outing last Thursday when they went by bus to Canada's Wonderland. They were accompanied by their teachers and other helpers who went along to help keep an eye on the youngsters. From all accounts they had a wonderful time, enjoying the rides, the Yogi Berra house and many other amusements. They came home tired but happy and carrying souvenirs of their trip.

The Sunday morning church service at Knox United Church, Dorset, will be held at 9 a.m. from July 5 until further notice.

The celebration of Ellen and Orrie Avery's 60th wedding anniversary turned into a delightful event. There were 130 names in the register book by the end of the evening. Friends and relatives came from Huntsville, Bracebridge, Minden, Burlington, Toronto, Matheson, Niagara Falls and New York state. The weather was beautiful and guests collected around tables on the lawn to enjoy the delicious refreshments. The Avery's have just moved into their lovely new home in the past year and the setting among all the old trees is delightful. A neighbour provided a Model A Ford and the celebrants as well as some of the guests enjoyed the novelty of a ride in the rumble seat. Among the dignitaries present were Frank Miller, M.P.P. and representatives from both local councils and congratulations were received from Prime Minister Trudeau and M.P. Stan Darling. Plaques were presented from the different levels of government.

The seniors of the county, at least those over 70, are being entertained at the Hyland Crest home in Minden on Tuesday, June 23 at 5:30 for dinner. I don't have any information on transportation as yet but if you are interested in going, if you will call me at 766-2237 I will try and find out if there is any available. The over 70's in the Ontonabee area are included in this invitation.

We have some June birthdays that deserve congratulations: Jack Clayton and Brad Robinson on the 6th, Lorraine Weatherell the 8th, Kate MacKay the 9th and Duane Young on the 24th. Barb and Carlo Bevilacqua and children from North Bay and Phillip and Wendy Clayton and family of Huntsville as well as local family and friends celebrated with a big dinner at Jack's home.

The Bishop of Algoma, Frank Nock, was in the village and celebrated the Holy Eucharist at St. Mary Magdalene on Wednesday the tenth for the three churches of the Anglican Lake of Bays mission. A reception was held following the service at the rectory. The event was well attended.

On Wednesday, July 8, there will be a special meeting at Knox United Church the theme being "The Earth is the Lord's". There will be a discussion on acid rain. Time 8 p.m.

The ladies who helped with the kindergarten children during the winter were entertained with a lovely lunch by them, the first and second grades and their teacher, Mrs. Ruth McLennan. The children had fashioned place-mats out of paper which they had tastefully decorated and individualized them with each guest's name.

H.H. To eliminate window scraping, dampen strips of newspaper or other straight edged paper with warm water. Spread around each window pane making sure it fits tightly into corners and edges. It will cling until you have finished the paint job.

Trent Severn

Water storage on the Trent-Severn Waterway reservoir lakes dropped less than 1 per cent over the past week and stood at 96.3 per cent on June 8, more than the 10-year average but a little lower than on the same date last year.

Gull River flows have remained quite steady since June 3, only rising slightly on June 12 as a result of rain over the past week. The flow on the Burnt River has declined slowly and steadily over the past week, and was 9.0 m3/s on the 12th.

The Kawartha Lakes are all down to within three cm. of the top of their summer navigation ranges, and the flow in the Ontonabee River

has been reduced to about 35 m3/s or about half of the plant capacity of the smaller generating plants on the Ontonabee and Trent Rivers.

Lake Simcoe still has about

Farm News

Alfalfa weevil are active in hay fields across Ontario again. It is possible that weevil damage could be worse than usual this year.

Reports to date vary from one hay field to another. Some fields have a heavy weevil infestation and need to be cut immediately to prevent the excessive loss of leaves. Other fields have few weevil evident so far.

The larva of the alfalfa weevil is very small but has a tremendous appetite for alfalfa leaves. A heavy infestation in an area of a hay field can strip the plants of leaves in a very few days.

While it is possible to spray with an insecticide to control these weevil, the cheaper and easier method of control, is to cut the hay field before excessive damage occurs.

Farmers growing alfalfa should be checking their fields about twice each week, to be sure the weevil are not causing serious losses.

The alfalfa blotch leaf-miner is also causing considerable damage. The larva of this insect eats the middle layers of cells in a leaf, with the outer layers then turning white, causing the "blotched" appearance.

Again early cutting of affected fields is the best means of control for this pest.

Farm Labour Pool
Opens Field Office
The East Central Canada Farm Labour Pool now has their Cannington field office in operation. Anne Marie

McMorrow has been hired to operate this office and is available to help farmers with their farm labour requirements.

This field office, has been set up primarily to provide a closer point of service to farmers requiring workers for short term jobs such as haying, fencing, barn or machinery work or any miscellaneous farm jobs. The Cannington location was chosen as it is central to a heavy concentration of farms in the northern part of Ontario County and to Victoria County.

The farm labour pool is closely associated with the farm community through the Local Agricultural Manpower Board which has representatives on it from local milk, beef and pork producers associations. Last year the East Central Pool placed over 1500 workers on area farms. The pool has also assisted in providing farm services such

as hoof trimming and cattle clipping. A number of farm workers have been introduced to farming through training programs coordinated by the Farm Labour Pool. As

year by members of the Canadian Gospel Music Association. Numerous other honours and awards could be mentioned.

After recording five albums, they returned to "Music City" at the personal invitation of the Oak Ridge Boys to represent Canada at the 1974 International Festival of Gospel Song. They spend much time touring internationally but their home is in Westport where they operate their own recording company "Summit Sound". Their concert includes something for every member of the family so don't miss this opportunity to see them in person at the Pentecostal Church, June 20 and 21.

Mr. and Mrs. Robert Madill, their son Paul, and his friend John Morgan, of Clinton, spent the weekend with Mrs. Violet Billings and Mr. and Mrs. Walter Madill. The two boys found the fishing excellent in this area and returned quite happy as a result of their success.

HALIBURTON IGA MARKET

Carnarvon News

Mr. and Mrs. Syd Barnes will attend open house at the Occupational Centre at Edgar on Sunday. Their son, Tim, has been attending there.

Mrs. Lew Tompkins and her sister-in-law had lunch at PineStone one day last week and Laurel registered for an art course at the Guild of Fine Arts.

Lew Tompkins was in Kempville last week attending a conference of the Department of Agriculture, Rural Development Branch.

Gail Barnhart entered her teens on June 10 and celebrated by having several of her friends at a party. Although a bit chilly, they all had a swim in Mirror Lake.

Mrs. Alice Smith of Toronto is spending a few days with relatives.

Dr. and Mrs. Lowry are here for the summer months.

Mrs. Wilfred Mason took Mr. and Mrs. Bert Harrison to visit Mr. and Mrs. John Gibson, who are in a nursing home in Cannington.

Ron Russell and Miss Jennifer Gasky are spending the weekend with Mr. and Mrs. S. Russell. Jennifer will remain with her grandparents for a week.

Mr. and Mrs. Tony Samario spent last week in Toronto.

Correction: A baby shower and luncheon was given in the home of Heather Renouf for her sister, Lou-Ann Hume of Brampton. Relatives and

friends were from Rexdale, Whitby, Carnarvon, Minden and West Guilford, at which Irene Minaker and Velda Harrison won the door prizes. Congratulations ladies.

Mrs. Nin Stutt was pleased to be able to attend church on Sunday.

Maurice Windsor received a pleasant surprise on Sunday when cousins from Newcastle, Trenton, and Stirling arrived to spend a few hours reminiscing about their younger days.

Doris McCann attends congress

by Doris McCann

The 10th International Senior Citizens Association Congress hosted by the United Senior Citizens of Ontario, was held May 18 - 21 at the Prince Hotel in Toronto. Doris McCann represented seniors from Haliburton County, with financial assistance from the Ministry of Community and Social Services.

Five countries sent delegates, and eleven countries sent reports of conditions in which the elderly function in their society. Main theme of the Congress was "The future is now through the eyes of seniors".

Magdon Freger of Austria told the conference that women's role on behalf of the elderly is to promote self-help in solving the problems of the aging. The elderly are still step-children of modern society but the elderly themselves are beginning to understand this, Freger said, adding that little by little seniors have arrived at the conclusion that they can only be helped if they help themselves. The best medicine against aging is spiritual alertness and unselfish, ac-

tive idealism, Freger said. Austria has many programs to assist the elderly to remain as long as possible in their own environment the conference was told, including contact between young and old. When the old need help or are lonely, the young regularly call on the elderly, Freger said. A network of senior clubs and associations for the elderly has also been organized through churches, private organizations or political parties to give old and lonely people an interest in community life, the Austrian delegate said.

J.L. Lorette, chairman of the United Senior Citizens of Ontario Inc., brought greetings from Ontario and Canada and said he hoped the Congress would provide the opportunity to exchange ideas, compare conditions, rights and privileges of older people in the respective countries.

World trends and attitudes regarding the older citizen by governments, societies, religious organizations and the general public were examined at the conference, with the view of striving for the elimination of poverty, suffering, cruelty, violence and

discrimination prevalent in many parts of the world. "The personal contact with representatives from other parts of the country and other countries was a particularly

enlightening experience for me," McCann said, adding that she hoped she could "relay some of the ideas and enthusiasm to groups within the County of Haliburton".

Workshops highlight executive meeting

-Submitted-

Three successful mini workshops were included in the Lindsay Presbyterian U.C.W. executive meeting held Monday, June 1 at Queen St. United Church in Lindsay. Leola English, president, opened the morning session.

Loretta Zufeldt conducted the first workshop on "Press and Publicity" giving tips on being a good reporter. The second workshop was on "Literature and Communications" with Joyce Stephenson and Nora Bagshaw taking part. Mrs. Stephenson gave suggestions for different programs which could be carried out in connection with this office, such as resource centre material, exchange magazine, Observer, and skits.

The concluding workshop was on "Social Issues" and was in charge of Joyce Stephenson. Social issues was

formerly Community Friendship and Visiting; and she urged members to keep this in mind. Thea Brandma gave a summary of what "Citizenship" was and why it should be a part of the U.C.W. program. Jeannette McKague gave suggestions as to social concerns U.C.W. members might be involved in outside of U.C.W. activities. Joyce Stephenson also gave

Cont'd. page 14

Promises of God

We must pay more careful attention, therefore, to what we have heard, so that we do not drift away. For if the message spoken by angels was binding, and every violation and disobedience received its just punishment, how shall we escape if we ignore such a great salvation? This salvation, which was first announced by the Lord, was confirmed to us by those who heard him. God also testified to it by signs, wonders and various miracles, and gifts of the Holy Spirit distributed according to his will.

Hebrews 2:1-4

Trent Severn

2 centimeters surplus over the rule curve level for this time of year, and the Black River flow has been steady at about 7.5 m3/s over the past week.

Farm News

from page 10

assistance is also provided with payroll paperwork and the various related forms. Help with any matter related to farm labour is available by simply calling the pool and enquiring.

Haying is one of the busiest times for farmers and is an ideal time to make use of the pool. Workers from most parts of the area have been recruited already by Anne Marie, and she has endeav-

oured to select persons willing and able to do general farm work.

The field office is located in Cannington at the Brock Municipal Building, 38 Laidlaw Street South. Hours are from 7:00 a.m. to 1:00 p.m. each day including Saturdays; the telephone number is 432-3101.

So if you need farm help this summer, call the Farm Labour Pool now.

ABLETT - Ken and Cindy are extremely happy to announce the arrival of their beautiful son Kenneth James, born at Haliburton hospital on May 23, 1981, weighing 8 lb. 4 3/4 oz. Proud grandparents are Mr. and Mrs. D. Cashin of Thornhill and Mr. and Mrs. H. Ablett of Wilberforce. Special thanks to Dr. Pierce and all of the nurses at Haliburton hospital. 28-B-17

32. IN MEMORIAM
MCCREA - In loving memory of Mary N. McCrea, who passed away June 15, 1980 and James R. McCrea who passed away January 30, 1974.
Not dead our loved ones, but sleeping
In their Father's home above,
Rewarded for their suffering,
Rewarded for their love.
Sadly missed by their family,
Vernon, Beatrice, Beth,
Galvin, Marilyn and Floyd,
their grandchildren and great grandchildren.
32-P-17

FEARREY - In loving memory of a dear wife, Pearl, who passed away June 19, 1975.
"Thy will be done" seems hard to say
When one we loved has passed away.
Some day, perhaps, we'll understand,
When we meet in that better land.
Always remembered by your husband, Harvey. 32-P-17

JACKSON - In loving memory of a dear husband and father, R. Kenneth Jackson, who passed away June 22, 1980.
Looking back with memories
Upon the path you trod,
We bless the hours we had with you,
And leave the rest with God.
Sadly missed and always remembered by wife Edith and boys. 32-B-17

FEARREY - In loving memory of a dear mother and grandmother, Pearl, who passed away June 19, 1975.
From our happy home and circle
God has taken one we loved,
She is borne from sin and sorrow
To a nobler rest above.
No one knows how much we miss her,
None but aching hearts can tell;
Lost on earth but found in heaven,
Jesus doeth all things well.
Always remembered, Jim, Lorna and family. 32-P-17

33. NOTICE TO CREDITORS AND OTHERS

From the Chamber

from page 5

like a great place for all hockey enthusiasts to get together and have a good snack or feast.

On Lake Kashagawigamog the Bonnie View has been purchased by Gary Garnett and his wife Mavis. They come originally from St. Johns, New Brunswick, but since he became a bank manager Gary has lived in many parts of the country. The inn will continue as a fully licenced hotel, restaurant and tavern but they are planning to put far more emphasis on providing good accommodation than in the past. Please welcome them.

A tour boat is on the way to Haliburton which is owned and operated by Doug Russell of Muskoka Boat Tours. Doug will be hiring his operators locally and the boat will operate from the government dock on Head lake and take trips regularly down through Lake Kashagawigamog. It holds 20 passengers and is capable of getting through the narrows when the water level is low. This is an attraction that the area has certainly been lacking and we heartily say hurrah for Doug Russell and we hope you will support the project.

Brendan Berube is establishing a new service in our community under the name of Lands and Forest Service. He will handle traditional jobs such as cottage maintenance, surveillance and snow removal but also is qualified to provide

consulting services in regard to tree and forest management on environmental concerns. For more information give him a call at 286-3184.

It has been pointed out that our policy of welcoming new members of the business community should be extended to one of also welcoming new members into the Chamber who were already here and in business. We are therefore pleased to begin that practice with a welcome to Dr. Peter J. Bennett, veterinarian and the owner/operator of the Minden Animal Clinic.

How about you -- have you considered a Chamber membership? We'd be glad to have you.

New Rates for Toll Free Line

After monitoring the new toll free line service that the Chamber introduced in March a new rate structure has been ratified by the board of directors that should make the idea more attractive to those that may not get heavy or frequent use of the line. The "Inwats Subscribers", in this scheme, are able to advertise the Chamber's toll free number of 1-800-461-7677 as though it were their own. Response from anywhere in Ontario is toll free to our Chamber office and the call is then forwarded directly through to the subscriber by use of an SM-1 switchboard.

New docks

from page 7

Ministry staff may also be able to provide you with advice on how to minimize the impact of your project.

The ministry says your cooperation in checking with the local MNR office prior to proceeding with such work will help them to manage local lakes and rivers more effectively.

and on the Galway Hall contents to \$6,000.

The clerk was authorized to increase the public liability and property damage insurance on the automobile policy from one million to two million dollars and to increase the collision deductible from \$250 to \$500, and the comprehensive deductible from \$25 to \$50.

UCW meeting

from page 12

outlines for a good hospital visitor.

At the afternoon session, dates for fall rallies were discussed, with Region 2 being held at Beaverton on October 14. Regions 5 and 6 have not yet been decided. A donation was made to help cover Rev. Ross Davis' trip to Korea, with each UCW being asked to forward a donation of \$5 to the treasurer.

A Mr. Durnan's application to erect a cottage was referred to The Committee of Adjustment as it does not conform to Zoning by-law 78-43.

The work plan as presented for the Experience '81 grant to refurbish the Pioneer Cemetery on Highway 649 was adopted as presented.

A Mrs. Preston, the assistant clerk-treasurer for the townships was congratulated on passing her third and final year of the AMCT course.

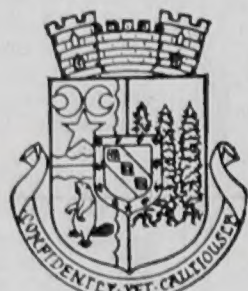

It's not work to walk.
So why not walk to work?

OPP report

Officers from the Minden detachment of the Ontario Provincial Police investigated the following occurrences during the period of June 8 - 14, 1981:

Some 98 general occurrences were investigated including 14 thefts, six break and enters, and five damage incidents.

Frogs named

from page 7

taking it all if "Horbit" is feeling his oats.

Oliver Giles is hoping her frog, Johnny Weissmuller, will use his swimming prowess to good advantage and prove a Tarzan of the track.

Bill Valentine figures to be one of the principal contenders for the \$100 prize with Barney Rouble, while Betty Forbes also has a good chance for victory if "Weary Willy" is well rested.

Anyone who hasn't yet entered the sweepstakes can pick up a ticket from any member of the squash club. Entry forms can be dropped off at Haliburton IGA, Haliburton Red and White, and at Western Tire.
